EAST LANSING, May 13.—Although Alma and Detroit Central tied for second place in the big interscholastic track meet held at the college Saturday, there was a great abundance of good material evenly distributed throughout most of the high schools represented. The broad jump record was broken by Kroer of Alma, Cromwell adding 3½ inches to his record, previously held by Kroer at Ann Arbor last year. Cromwell also he did last year. Comstock of Alpena ran the century dash in the fast time of 10 1-2 seconds, thus equalling the record of Tuomy of D. C. H., who ran the same distance last year. Most of the other events record time was not closely approached.

Detroit Central Tied.

In the final reckoning Detroit Central was found to have just as many points as Alma high school, the athletes from each school totaling respectively 25½ points. The Detroit crowd of Alma and Coach J. Collins of Detroit Hyland a rule and to its initiative. Alma high school, which last year left College Field with the highest trophy in their possession, Central and Eastern, Detroit, Ann Arbor, Muskegon and Sparta from Central's viewpoint, is that at the end of six months the big Earl trophy must be sent to Alma which school will hold it for the next year, if not longer.

A peculiar feature of the meet was the large factor that the smaller schools played in the scoring and in the final result. Five of the leaders who took the first seven places were from schools of less than 500 pupils in the state and the majority of these represented smaller high schools.

Lansing Failed to Place.

Lansing high school was represented by two men, Ralph Hendricks and Walters, who did not place in any of the events. Big Art Indiler, formerly of Lansing high school, who took part in all of the weight events right and left of last year's meet, was on hand to try to win a place in the weight events and wipe his name off the list of record holders. Chilson of Sparta could come but 1 foot 2 inches of Indiler's shot put record. Quail of Cromwell lacked 3 inches of Indiler's record in the Lansing high school star's hammer throw record, and Hendricks of Muskegon could not come within five feet of Indiler's greatest distance. Spending so high schools go, Indiler's records made in Lansing Saturday are by no means of mediocre ability, which fact substantiates the prediction that Indiler's three records will undoubtedly stand for many years.

The meet was run off with unusual dispatch and was over at an earlier hour than usual. The track was full of athletes, representing high schools in all corners of the state, attended and the entertainment, coupled with the treatment, accorded them by the M. A. C. students.
