

1998 MICHIGAN BOYS INDOOR LIST

Updated 7/6/24

Standards for listing in each event are noted at the bottom of each list in parentheses. Only fully-automatic times will be listed to the hundredth of a second. This lists includes performances from all meets--open, out-of-state, whatever. Note that during the unsanctioned portion of the indoor season, all athletes in Michigan competed unattached or with a club. Any school affiliations shown here for those meets have been researched for informational purposes only.

If your name is on this list, it will probably appear in the Michigan Indoor Track & Field Record Book 1998. [Click here for details on how to order the book.](#)

PLEASE, let me know correct school/grade information if it is not here.
Email additions to [Jeff Hollobaugh](#).

Notes:

= time en route to longer distance

? after school name = year in school unknown (soph, junior, etc)
