

2018 Michigan HS Outdoor Track Elite Boys

Includes all meets, including out-of-state and post-season events.

+ = converted time; # (after time = en route time recorded on way to longer distance); (!) = in a field event listing indicates an ancillary mark made in competition.

Relay names/splits: to give the athletes the credit they are due, we are trying to include relay names/splits whenever we can for top marks that might make the all-time lists—help us out there by letting us know. Splits need to add to the total official time, so occasionally I will add a tenth or two, usually to the first runner.

Wind: Get a freaking wind gauge and report wind readings with your sprint times. Otherwise I decide what's windy and what's not and you don't get to complain. Seriously, they're \$15 with free shipping on eBay! Love it when coaches say they care about giving accurate feedback to their athletes but they won't spend the \$15.
