

Bright Outlook for D. H. S. Field Day.

The field day this year of the Detroit High School Athletic Association promises to eclipse every previous effort. The day set aside for this meeting is Saturday, May 31, on the D. A. C. grounds, the events beginning sharply at 2 p. m. The entry list, which closed last Friday, is the largest the association ever had, there being 124 entries in all. The all-around medal given by THE FREE PRESS will be hotly contested for, as a large number of those entered have their eyes upon it. The way in which the D. H. S. boys walked off with first and second prize in the 150-yard dash which was run at the D. A. C. the other day shows of what stuff they are made and also shows that the events on the 31st will be extremely close and exciting. At the close of the events a game of base ball will take place, the teams being the Detroit High School vs. the U. of M. freshmen. Each of these teams puts up a very good game and the result will in all probability be close. The admission to the games will be twenty-five cents, the ladies' grand stand and balcony being reserved free to ladies and their escorts.
