FIELD DAY SPORTS.

Great Day for the Young Men's Christian Association.

How the Prizes Were Awarded—Bicycle Races

The field day of the Y. M. C. A. drew out a good attendance at the Driving Park on Thursday afternoon, but far less than the interest of the occasion merited it to. The small boy was out in good form, and the number of events was such as could be failed to be represented in the gate receipts, a large amount of high fence jumpers being present to view the sports from the fences. The nature of the race is indicated so, perhaps, but well understood, but let events will be taken another field day is mentioned. Secretary Wade and many other workers in the association were on hand early for the full success of the day, and were well pleased with the programme as accomplished.

The following were the results of the various events:

In the running high jump some very good records were made. F. D. Whipple won the first prize, a pair of rink cuff rubbers, by a jump of 5 feet and one-half inch. Roy Hatch, second, a rink tie, by a jump of 5 feet.

Putting the 12 pound shot. F. D. Whipple won the first prize, a pair of rink cuff rubbers, 31 feet 10 inches. The single prize of a pair of cuff buttons went to Whipple.

The 100 yard dash was one of the most interesting events of the day. Eight men started. It was very closely contested throughout. Ben. Whipple won the first prize, a silver fork, in 13 1-2 seconds. The second prize, kid gloves, was won by F. D. Whipple. Time 13 1-2 seconds.

The 75 yard dash for juniors was also a very spirited race and the four lads who started all did well. Roy Hatch, Arthur Montrose, Earl Pelt and Tom Walsh were the contestants and they came in the order named. Time 10 seconds. The prize was 25 rink tickets and a scarf pin.

The pole vault was a new sport. Lester Bowery won first with a vault of 7 feet. Ben. Whipple second, 6 feet 9 inches. The prizes were collar and cuff buttons and an inkstand.

The 50 yard dash for boys and boomer was also a new sport to the boys and to everyone the greatest record of the day was made in the contest. F. D. Whipple won the first prize, a toilet set, by a throw of 77 feet and 3 inches. Ben. Whipple second, by a throw of 74 feet and seven inches.

The 100 yard dash was a very pretty contest and was a deserved interest. Ben Whipple won the first prize, a hand bag, in the time of 13 seconds. Time 13 seconds. Fred Merrill. Five starters were in the race, and the defeated contestants were close up to the wire.

The standing broad jump was won by Ben. Whipple with a jump of 8 feet 7 inches. The prize was a silver match box. Ben. Whipple was second, jumping 8 feet 7½ inches.

The one mile bicycle race was one of the events of the day. Only two entered, F. E. Skinner and C. D. Heard, but only being closely matched, but also anxious to decide which was the better. Heard won in time of 3 minutes, but Skinner was only 4-5 of a second behind.

The half-mile dash by the juniors was another interesting contribution to the sports of the day. Only three started, but the race was very close between Roy Hatch and Arthur Montrose. The first prize was won by Hatch.

The running broad jump had three contestants and was won by Lester Bowery. Whipple was first by a jump of 17 feet 3 inches. Frank Whipple was second.

The one-mile run was a race between Lester Bowery and Ben Whipple. Bowery won in 6 minutes.

The pedestrian pentathlon was by Lester Bowery. The "pentathlon" includes five events, the 100 yard dash, 12-pound hammer, running high jump, pole vault, and one-mile run. The prize indicates an all around made of points by which the contest is reached. The prize indicates an all around athlete.

The last event of the afternoon, and the one around which a large share of public interest was centered was the five mile handicap bicycle race. There were 40 entries, but only ten started. Time 10 minutes. Bradford was the only limit man to start, with a four minute handicap. A minute later W. North, F. Tinchbow and J. Holmes were started, followed in another minute by C. Hosmer and C. Hosmer. The 1:30 men who started were A. Appel, and Geo. Chamberlain, H. Tullope, C. F. Hosmer and C. H. Coe started with a minute handicap over the limit men. Then came the 2:00 men, C. D. Heard, H. McKay, L. McKay and F. Hitchcock, the last three preferring not to take advantage of the 30 seconds allowed them. It was a pretty and interesting race from start to finish. The pace was a fast one, and not work considering there was a number of untried men in the race. Gen. Chamberlain, who had the pole, was the first on the scratch men and held it until he had less than two laps to go when the saddle of his wheel came off and he was forced to dismount and gave up. Through a misunderstanding the scratch men were very slow in getting started, being about 30 seconds behind their time, and did not pick up any of their men.

The first man to finish was H. Tullope, who covered the five miles in 10:04 1-5, being closely followed by J. A. Rowe, Jr., fourth; A. Appel, fifth; C. F. Hosmer, sixth; Johnnie Holmes, seventh; L. McKay, eighth; H. McKay, ninth; F. Hitchcock, tenth; C. D. Heard, eleventh; George, twelfth; W. J. Mallard, thirteenth.

H. Tullope and C. H. Coe not only won the first and second prizes, but also the best time on record, making the five miles in 10:04 3-5 seconds and 10:05. Lester McKay had the first best time 10:40 1-5; H. McKay, 10:01 4-5; F. Hitchcock, 10:04 4-5; C. D. Heard, 10:05; C. F. Hosmer, 10:06.

There was a misunderstanding among the starters and timers and some of the leading men were allowed to go an extra lap, but they had their places for nearly all of the time and the race was practically decided and the final decision was the correct one beyond the possibility of a doubt.

The scorers were F. J. Stein, John Tarbell, Thomas Hall, Jr., Fred Merrill, Thomas C. E. Howe, Archie Anderson, C. A. Beard and E. E. Campbell. Caller Jesse Patterson. Referee Joseph Wade.
