

**SCHOOL NOTES.**

The H. H. S. boys are athletes, if the records made last Friday count for anything. Every event with the exception of the ladies' bicycle race (and the boys couldn't be blamed for that) being won by one of the H. S. A. C's.

The H. S. A. C's. received about \$60 from the sale of admissions, seats in grand stand, etc., on Field Day. After paying all outstanding debts, there will be about \$25 left for a reserve fund.

Pinckney entered several men in the Field Day events, but Brighton and Fowlerville didn't even peep. Must be that they are exceedingly effeminate towns, the latter.

One of the prettiest events of the day was the one mile bicycle race, it being closely contested throughout.

The winners were all entered from the Senior and Sophomore years, honors being about equally divided between the two classes. The Seniors took the 100 yard dash,  $\frac{1}{2}$  mile walk and the  $\frac{1}{4}$ ,  $\frac{1}{2}$  and 1 mile bicycle races; the Sophs, with one or two exceptions, winning the remainder of the events.

Supt. Briggs will remain with the schools the ensuing year. The remaining four members of the high school faculty will resign their positions, two to attend college, the others being undecided as to their future course.

The Chequamegon orchestra, of Ann Arbor, will furnish music at the commencement exercises.

Supt. Briggs was absent from the H. H. S., Monday, because of the severe illness of Mrs. Briggs.

## Howell Field Day 5/22/1896
