

The Field Day Sports

High School Athletic Association Gives Good Events.

Calumet Boys Done Good Work

Winning the Greater Number of the Boys' Name of the Events Were Merely Contested.

The field day sports at the athletic park last Saturday afternoon under the auspices of the Calumet High school were a huge success in every way. In fact, the different sports were of more interest than any that have taken place in the athletic park for a long time. Nearly all the events were contested to high school standards of the country and the different schools and towns. The Calumet team was victorious in the number of prizes scored, they getting 67 to 55 for Hancock, 11 for Hamilton and 13 for Lake Linden.

The most remarkable work of the day was that of Latta, of the Calumet team, who holds taking part in several of the field events, was every boy's hero and in doing so holds three track records. The 200 yds. he made in the one-mile, 500 yds. and quarter mile events were the best ever made in the athletic park, these being the only field that had been run there since the 1880s. It is for this reason that it is certainly good fielding and the fact that it was made by a high school student makes it all the more remarkable.

It was showed up well in being won, winning three events and Kuhlman also did good work, but was not by far the usual form. Goodale made a good number of points for the local team.

The Hamilton boys showed up well in such events and they were contented for. They surprised everyone by winning the 100 yds and 150 yds runs and showed remarkable speed. He is a little slow in starting, but such practice will make a very speedy runner. Hans made a good run in the 200 yard dash which he won easily.

Shelton did the best work for Hancock, although Lusk was not far behind. No one was against Victor in the half mile race. The Lake Linden boys did not decide to enter and the best runner, but the boys made a fair showing. They were all young boys. Ogan was a nice runner, won easily and made a good record, which he was shown up well in the high jump. Farrow as a boy was not slow, but lacked training on the track.

The sports all the way through were very interesting and everyone was given than pleased. The contestants were all satisfied and there was no liking. Thanks to the able management of Field Manager Ogan. The articles which were awarded here were very helpful. The high school boys have established a record in the athletic field and are more than pleased with the success of their athletic team.

Following is a complete summary:

100 Yds.—Latta, H. J. Calumet, 1:10.
 150 Yds.—Latta, H. J. Calumet, 1:45.
 200 Yds.—Latta, H. J. Calumet, 2:30.
