

FIELD DAY SPORTS.
AT HOWELL, FRIDAY, JUNE 8th.
Howell High School vs. Williamston High School.

Field Day sports were held at the old fair grounds, Friday afternoon, June 8th. The day was fine, but the attendance was not large, owing, doubtless, to the fact that the affair had not been properly advertised. The attendance from the surrounding country was not as large as usual. The events were well filled and sharply contested.

The contests were between the Williamston high school and the Howell high school. In the track events each school gained 63 points, and were a tie. The ball game was won by Howell, the score being nine to zero.

The Williamston people returned well pleased with the treatment they had received.

E. P. Nutting had charge of the track events, and Chas. Beach looked after the ball game for Howell.
