

WILLIAMS FIRST, BUT BY TWO POINTS ONLY

HOW THEY FINISHED.

Name.	No. events.	Points.
Williams	10	6,296
Corliss	10	6,294
Walker	10	6,211
Kaywood	10	5,904
Morris	9	4,625

By the narrow margin of two points, Williams again won the all-around indoor athletic championship at the Detroit University school, but Corliss gave him such a hard contest for first place that it excited the admiration and enthusiasm of the many spectators who witnessed the closing events yesterday at the school. Aside from the competition, Patterson, the high jumper, sprang a surprise by lowering every indoor and outdoor interscholastic record in the high jump, clearing the bar at 5 feet 9 inches, almost two inches better than the previous mark. His performance was the wind-up of one of the most successful indoor seasons the school has ever enjoyed in athletics, and the record smashing, coming as it did, was a fitting finale.

In the all-around competition yesterday Corliss easily carried away the honors, scoring seconds in the potato race and high jump and winning first honors in the horizontal bar. Williams surprised many by his fine work in the high jump, getting third from a big field, when it was conceded that he stood little chance to count in this event. This was what decided the meet in Williams's favor. Walker was third in the list, while Kaywood finished fourth. The latter won the potato race yesterday in handy style. For winning the championship Williams's name will be engraved on the W. A. Sturgeon & Co. trophy.

Yesterday's results follow: Potato race—Kaywood first, Corliss second, Livingston third. Horizontal bar—Corliss first, Kaywood second, Bates third, Williams fourth. High jump—Patterson first, 5 feet 9 inches; Corliss second, 5 feet 1 inch; Williams third, 5 feet.

Physical Director McComber offered school banners for the highest point winners in the athletic events and gymnastic numbers. Williams won in the first with a total of 2,998, and Corliss led in gymnastic stunts, registering 3,719.

Detroit All-Around 4-9-1904
