
**TEAM WILL DEPEND
MUCH ON SPENCER**

High School "Find" Shows up in Fine Form.

A coming young athlete is Ernest Spencer, the former Bad Axe boy, and upon him are resting the main hopes of the local high school track team.

Two or three days ago Spencer, with some companions, went down to the Athletic field and commenced jumping, running and doing other stunts. The Bad Axe boy surprised his comrades by making thirty feet in the hop-skip-and-jump, and created a local record by making 9 feet 6 inches in the broad jump.

Spencer is also quite proficient in shot and doing the high and low hurdles. This youth's actions are being watched by the track team managers.
