

PLAN CROSS-COUNTRY RUN.

High School Boys to Play Hare and Hounds Next Saturday.

In order to get their muscles limbered up and to improve their wind the members of the Houghton high school track team, especially those men who will participate in the running events, are planning a hare and hounds chase cross-country for next Saturday afternoon. The plan is to run from a point in East Houghton to Pilgrim river, the route being through the woods and the gait an easy one, so as not to tire the lads too much at the start.

This will constitute the first step in the training of the track team members. An inter-class meet has been arranged for May 7 and the regular try-outs for the team will occur a couple of weeks later. It is thought that the copper country meet will occur about the fourth day of June and that the scene of the game will be Hancock.
