

Annual Indoor Track Meet

For the past two years the Senior track men have challenged the rest of the school to an indoor meet. Because of lack of material, the seniors could not carry out the custom this year. In place of this, a meet was arranged with the Seniors and Sophomores against the Juniors and Freshmen. As soon as the meet was announced all the athletes and near athletes turned out for their respective teams. The turnout was undoubtedly the largest in the history of the school. On Friday, March 22, the event was pulled off.

Loveland, the star middle distance runner easily landed first in the 440 and 880-yard runs, as was expected.

Robertson, the versatile little fellow, was the individual star of the meet, carrying off $14\frac{3}{4}$ points. Davis was second high man for the Juniors and Freshmen, getting 11 points. Wienke was high man for the Seniors and Sophs., with 11 points. Francke made a remarkable leap in the high jump, clearing 5 feet 4 inches from the gym. floor. Campbell and O'Donnell did good work in the sprints. Fesler won the pole vault with ease.

During the first part of the meet it looked as though the Seniors and Sophs. would be easy winners but their opponents gradually drew away and in the end were 15 points ahead.
