Harley-Davidson Motorcycles

Are in greater demand in Detroit and other cities than any other machine made.

They are more reliable, efficient and economical than other makes because of their many exclusive features.

The Free-Wheel Control permits starting similar to that of the automobile—no running alongside of or pedalling.

The Full Floating seat does away entirely with jolts and jars, and makes every road feel like a boulevard to the rider.

Come in and see this machine.

We want to explain its many features and tell you about our liberal terms.
