In spite of the dubious weather outlook the track events at South Park in the high school class started promptly at 2 o'clock yesterday afternoon. The first part of the program consisted of various track and field events, and was won by the high school boys of the high school classes. The next was for the purpose of determining the best all-around athlete in the upper grades.

Things started when Hiru romped across the tape winning the 50 yard dash by a narrow margin from Corcoran in five and two-fifth seconds. John Curran was a close third.

The running high jump was by far the most interesting event of the afternoon. Foster took third with Hiru and Corcoran tying for first place, a play between Corcoran and Stevens. Each cleared the bar nearly until 6 ... placed at 5 feet 4 inches and then they both fell down. As they both cleared the stick at 4 feet 7 inches it was declared a tie by the judges.

Corcoran again started in the pole vault and cleared the bar at 7 feet and 4 inches, which is considered exceptionally good for secondary schools. Hiru and Palmer both did well with the shot, barring it 32 feet 8 inches and 31 feet 2 inches, respectively.

Foster was the dark horse in the running broad jump and surprised the fans by clearing the distance of 16 feet 2 1-4 inches. Hiru was close second with 16 feet 1 inches to his credit. Rowells leaping 15 feet 8 inches.

The 100 yard dash was anybody's race until the finish. Both Hiru and Corcoran were so close at the tape that it was thought by many that the race was a tie. Hiru, however, had a shade over his nearby rival. Foster ran third. The time for the century dash was 10 7 seconds.

The pole vault was taken rather easily by Corcoran who lifted himself over the bar after it had been placed at the height of 8 feet 11 1-2 inches. Stevens was second and Dewey Skurg with marks of 8 feet 7 1-2 inches and 8 feet 4 1-2 inches, respectively.

The individual winners in the high school class were: Gordon Corcoran, first; Ed Hiru, second, and John Stevens and Tom Deslets tied for third. The winner will be given a sweater; second will receive a complete track suit and the third will be given a class pin.

Fully a thousand spectators witnessed the morning program which consisting of athletic contests and drills by the students of the lower grades from every school in the city.

The feature of the morning was the hoop drill which was participated in by 200 girls from the fifth, sixth, seventh and eighth grades of the different schools. The girls who were executed well drilled and much credit is due those who had charge of this part of the program. The drill was given to the Webster school by the judges. The members of the winning drill team were very well drilled and not a mistake was credited to one of them.

The tug of war between the sixth grade boys of the different schools was the last event to be pulled off for the honors of the morning. The first tug was won by the Jefferson school from the Webster. The second was won by the Barr from the Franklin. In the third tug the Washington boys ran away with the Jefferson lunch, but when they pulled against the Barr for the first place they were beaten.

The winner of the fifth grade contest was the Washington school, which also won the sixth grade pennant. The fifth and sixth grades of the Webster were second and of the Barr school third.

The eighth grade athletes were the winners over the seventh grade in the morning contests by the score of 40 to 38.

PRESIDENT CRITICISED

(Special to the Morning Press)

Washington, D. C., June 6.—An unexpected turn was given the senate lobby investigation late on Friday when Senator Townsend of Michigan declared on the stand that the influence wielded by President Wilson and by Democratic secret caucuses upon the senate was the most subtle and secret approach to undue influence upon members of congress," that the investigating committee would be able to find.

Senator Townsend criticised the committee for not having asked the members of the senate whether the president had sought to influence them and declaring that even though the president he dust intended it his influence was being used and was working in support of charges that the tariff would force certain senators to vote against amendments they knew to be just.

JUNIORS LOSE TO THE SOPHOMORES

On account of the fact that the juniors failed to appear to play the baseball game, concluding the series of field day at South Park yesterday afternoon, the game was transferred to the Yellow diamond. A high wind arose just at the start of the game and with the wet ground on which they were forced to play, the contest was not a first-class exhibition of high school baseball. But in spite of the disagreeable conditions the sophomores managed to defeat the lowly juniors by the score of 10 to 11. Johnson and Deslits served as battery for the juniors, while ... Cauley and E. McCauley was the battery for the sophomores. Attorney John Lewell umpired the game.
