

U. OF M. SCHOOL TRACK MEET IS CALLED OFF

ANN ARBOR, May 7.—University of Michigan's annual interscholastic track meet has been called off on account of the war.

The big indoor and outdoor affair was to have been held during the first week in June, and 21 high schools had signified their intentions of sending representatives here. The fact that many schools have dropped their athletic activities because of the war gave impetus to the cancellation action on the part of the Wolverine board in control, which declared that it acted "in accordance with the regents' resolutions."

AA Interscholastic canceled
