Whittemore, U. of M., Wins Y. M. C. A. Run

Eddie Whittemore of the University of Michigan won the Y. M. C. A.'s annual road race Thanksgiving morning over the Grand Boulevard, running the distance of four miles in 23 minutes and five seconds. A. C. Colter, unattached, was second with Matt Hanninen of the Finnish A. C. third.

Ann Arbor high, with 59 points, captured the team cup, while Y. M. C. A. came in a close second with 62 points. The other teams were strung out all the way down the line. Three Ann Arbor runners finished in the first 10, while M. A. C. placed two in the select class.

In the walking race, Charles Foster, competing under the colors of the Y. M. C. A., beat the tangle in advance of the rest of the field, making the distance in the exceptionally good time of 13:15 1-2. Elmer Huestamper, of the Y. M. C. A., was second with Harry Hansson, unattached, third.

The team cup in this event was captured by the Y. M. C. A., with a total of 59 points, the local association placing three men in the first 10, while Y. M. C. A. was next with two entries.

Both races were hotly contested and brought out the keenest competition seen locally in many seasons. The only disappointing feature was the failure of "Blind" Deard to start. He had been favored when at the track, winner of the running event two or three seasons ago, but failed to put in an appearance.

A large crowd lined both sides of the boulevard and cheered the competitors from start to finish.
