

# ONE HUNDRED THOUSAND MAY COMPETE IN MASS ATHLETICS

*M. A. C. is Sponsoring Meet to Be Contested During the Week—Five Standard Track and Field Events, and Loving Cup Goes to Winner.*

Special to The Free Press.  
East Lansing, Mich., June 7.—A state interscholastic mass athletic meet conducted under the auspices of the Michigan Agricultural college is to be held in high schools throughout the state next week. results to be sent to the M. A. C. athletic office by June 13.

The event is the first of the nature to be held in Michigan and is after the army plan of massed athletics. The 350 high schools in the state have been asked to enter through personal letters dispatched from East Lansing, which contained the standard events and the rules of competition. Should all the high schools join in the meet, which will cost them nothing, and

which gives the little school as much a chance to win as the big, 100,000 youths will be competing.

The entire male student body of each school competing goes through five standard track and field events. A normal rating is established in each event and should an entry fail to meet the requirements he will lower his school's rating. The percentage of students of the total enrollment winning points determines the basis of rating and the highest rated school wins a loving cup donated by M. A. C., which is to be kept one year.

The events which the competitors must qualify in are as follows: 50 yard dash in 7 3-4 seconds, 100 yard dash in 14 seconds; high jump of 3 feet 6 inches; broad jump of 12 feet; shot put of 20 feet.
