

Kazoo Normal and Detroit Northwestern Win in Meet

Former's Victory in M. A. C. Affair Comparatively Easy, While Northwestern Makes Final Spurt, Copping Mile Relay for Well Earned Victory.

With ideal weather prevailing throughout the day, the annual Intercollegiate and Intercollegiate track meets were staged at Michigan Aggie Saturday, high honors going to Detroit Northwestern high and to Western State Normal. While the Normal squad had little difficulty in coping a safe margin of points in the competition between colleges, the winning prep school team was forced to extend itself in the last event to win.

Just before the half-mile relay, Grand Rapids Central was leading the field of high schools by a short margin. Northwestern, however, while the Grand Rapids team got nothing better than third, and the final count gave the Detroiters 29 points and Grand Rapids Central 27 1/2 points.

Records were broken in the Intercollegiate high jump and in the Intercollegiate broad jump. In the latter event, every man placing made a mark better than the former record for the Aggie meets. The new distance is 21 feet 5 inches, while the height in high school high jump is five feet 10 inches.

Precedents in the Intercollegiate in which the high school athletes competed was the mile run, won by Bowen of Grand Rapids Central. This youngster assumed the lead in the last few yards, nosing out Bunker of High Eastern and Hodges of Grand Rapids South by the narrowest sort of a margin. The time in which the distance was run, although it does not set a new record, is the best for the Intercollegiate mile in several years.

Two-Mile Again Features. In the Intercollegiate meet, the two-mile run was again one of the features of the day. Although the time was not as good as Adolph's, the Aggie distance man has done the time in 15:45.5. The event was a second place which Vreeland of Alma sprinted down the straightaway at the close of the last lap. Harry Warren running his last race for the Aggies, took fourth place by a wonderful sprint which carried him across the line a few inches ahead of the next man in line.

Fossenden, the Aggie searling, who has been coping honors in shot and discus this spring, won first place in the shot put, but failed to qualify in the discus. This event was won by Beltz of the Aggie varsity with a throw of 114 feet 2 inches, six feet less than Fossenden has been doing.

Atkins, another member of the A.P. Prebb, was high man in the high jump and later he took third place in the broad jump. Maxfield took fourth honors in the 100-yard dash for the Aggie yearlings.

Most Successful Meet. Beyond a doubt, this year's meet was the largest and most successful of the many which the Aggies have staged. Among the high schools entered, competition was keener than it has ever been, and the entry lists exceeded considerably the lists of former years.

Although competition among the colleges was not as close as that among the secondary schools, events were evenly enough distributed to keep interest running high all the way, and the number of close finishes in both field and track events added greatly to the value of the meet as far as the onlookers were concerned.

Judges. The bands executed some very clever marching and showed the results of strenuous drilling which they have undergone in preparation for the tournament. This will probably be an annual affair, together with the track meets.
