## TRACK

WITH very little experienced material to begin the 1930 track season, "Pop" Churm built up another of his winning teams. The team didn't lose a meet during the season, and although they only took one first place, the Trojans amassed enough points in the regional meet by taking second and third places, to win with a  $3\frac{1}{4}$  point lead over Union, the nearest competitor. The only first place was won by Joslin in the discus. At the State meet Schroeder placed third in the 440-yard dash and Joslin placed second in the discus to gain five points for South.

The 1931 Trojan track season opened with the team strongest in the weight events and distance runs. The session room meet was held early in April and, as all lettermen were barred from competition, Room 323 had an easy time winning. The 220-yard dash was the outstanding event with Trimpe running it in 23:8. Bockus showed up well in the pole vault and Lauterhahn in the 440-yard run.

The Trojans met Grand Haven and Holland in the sixth annual triangular meet in the latter part of April and easily won with  $84\frac{1}{2}$  points to Grand Haven's  $17\frac{1}{2}$  and Holland's 14. Archie Ross bettered his own school record in the shot put on the first throw with a throw of 44 feet 9 inches. Joslin broke an 18-year-old record in the discus when he bettered the 116 feet 11 inches throw of Hugh Blacklock of Central, with a throw of 117 feet 2 inches. The Trojans placed first in every event except the high jump, which event was won by Grand Haven. Slams were made in the 440-yard dash and in the mile run.

**BROAD JUMPERS, HIGH JUMPERS, POLE VAULTERS**

Top Row—Maurice Ketchum (Manager), Peter Dood, Garold Hamilton, Boyd Herriek, Nolan Sears, Richard Decker (Manager).

Second Row—Russell Veldman, Roger Pearce, Vernon Heintzelman, Henry Andringa, Leon Joslin, Russell Fyfe, Harold Covell, Allan Knoll.

First Row—Floyd Thomas, James Trimpe, Robert Eckardt, Howard Stewart, Barry Dittmore, Harold Bockus, Lawrence Druse.

**WEIGHT MEN**

Archie Ross, Gerald Ford, Jerry Bouman, Burgess Wisner, Pete Dood, Leon Joslin.

Joslin, Ross, and Ford were the stars in the weight events, the first two probably outranking any others in the city. Those who shone in the hurdles were Sears, Buist, and Lipscomb. Trimpe and Vern Heintzelman were the main stars of the dash this year.

In the 440-yard run, a new satellite appeared in the person of Lauterhahn. McGee, Bustraan, and Lauterhahn made a combination to be reckoned with in this event. Pullen was another rookie who made good, gaining a ranking next to Miller in the mile. Miller made the best time in the city, for the season. These two, together with Crips and Connell, have done below five minutes, a fact that forecasts a championship four-mile relay team in the Indian relays.

Hayes and Hauer have borne the brunt of the attack in the half mile. Either Bockus or Dittmore should break the school pole-vault record this season or next, judging from the early season's progress.

The high jump was rather weak, with Eckardt and Covell the most likely prospects. Stewart was the mainstay in the broad jump, and was aided by Joslin. Stewart, Joslin, Eckardt, Miller, McGee, A. Ross, V. Heintzelman, Ford, and Dittmore were the varsity veterans.
