## Huskies Count on Dash Stars

### Cosmos' Hurdlers Put on the Spot

By John N. Sabin

It's going to be Mantranch's huskies and distance runners against Detroit's sprinters for the title of High School track champion ship next Friday.

The Cosmos and Huskies, aided greatly by the performance of their boys in these events, expect to win the championship in the best chance of winning the championship in the final event.

Mantranch's distance runners qualified 12 boys to lead the first Wednesday, but without the team which never has won the track championship, kept at the running by qualifying 10 competitors, some with one qualification and others with none. The other teams given an outside chance to take the crown. But it's strictly an outside chance.

**No Records Fall**

Trials were staged in 11 events Wednesday. Although no records were broken or tied, performances were better than usual. Mantranch takes the favorite to take the title Monday because it qualified the five mostly because it qualified the two boys in the finals of every race from the 40-yard dash to the mile.

The two leading sprinters in the league, Bob Abbott and Bob Sawyer, of Detroit, both were qualified in the 100 and 220-yard dashes and Abbott had the best time in each event. He was checked in 12.2 in the 100 along with Paul Stewart, of Mantranch, while Sawyer finished slightly off the lead in the 220.

Fourteen schools qualified one or more boys for the finals, but 16 of these have no chance of winning the title.

Al Thomas, the Cosloy Comet, grabbed most of the individual honors Wednesday to keep his team in the mile race. Thomas qualified in three events, the two hurdles and the 220-yard dash. He also runs on the faculty only team.

**Thomas Does Well**

Thomas was checked in 15.8 in the high hurdles and he staggered in the 220 in 2:08.4. These were the best times in these events. The other top led the qualifiers in more than one event.

It appears that Mantranch must score most of its points in the distance events, but the Cosmos have enough strength here to meet the test. Ted White, who led in the mile, will probably be stepping the distance to 2:02.2, the best of the day. Stan Gans is one of the boys who can lead in the mile. Bob Wings and Jim Bradford carried Mantranch's chance into the finals, while Paul Mantranch and Johnny White are the Huskies' hope for the mile. If Mantranch can come through with 22 points in these events, the Cosmos can wrap up the championship and take it home for a third consecutive year.

**CITY SPECIALS**

100 Yards	12.2	Paul Stewart	Mantranch
220 Yards	2:08.4	Paul Stewart	Mantranch
40 Yards	5.8	Paul Stewart	Mantranch
