After 24 Years, Stags Capture Track Honors

Denby Bows by a Point

Birmingham Scores Upset in Class B

BY GEORGE PUSCAS

Twenty-four years of futility on track and field ended for Mackenzie High School Saturday in a razor-edge finish of the 17th annual Wayne University Relays.

Never a track champion in its long history, Mackenzie piled up 46 points to capture the Class A crown on a wind-swept and rain-pelted Sawyer Field.

In one of the Relays' closest team finishes, the fleet-footed Stag units collected four first places, three seconds and a third to edge out powerful Denby by a single point.

* * *

MILLER, a co-champion with Northwestern two years ago, was a contending third with 45 points. Northwestern was fourth with 34 and Redford fifth with 31. Cooley's defending champions.

TEAM TOTALS

(CLASS A—Mackenzie 46; Denby 45; Miller, 31; Cooley, 31; Northwestern, 34; Cass Tech, 24; Southeastern, 21; Central and Dearborn, 20; Northern 19; Eastern, 18; Pershing, 17; Redford, 16; Fordson 15; E. Detroit and Western 6; Northeastern 5.

CLASS B—Birmingham, 51; Ecorse 40; Detroit Lutheran 37; Redford Union 31.

pre-meet favorites, were far down in sixth place with 46 points. The Cardinals' dismal performance largely was the result of a disqualification in a shuttle-hurdle heat they had won easily.

Where Cooley's sound trouncing was a surprise, so was Ecorse's dethroning in Class B. The downriver youngsters yielded their crown to Birmingham, which amassed 54 points. Ecorse was second with 40, Detroit Lutheran third with 22 and Redford Union fourth with 12.

Mackenzie, whose power rests with distance aces Jimmy Clark and John Mackenzie, dashman Harry Barton, hurdler Paul Demercy and the versatile Doug McFetters, had principally these five to thank for its long-awaited championship.

* * *

CLARK SOUNDED the keynote for the Stags' climb to the title with one of the meet's two outstanding runs.

Trailing on the anchor leg of the four-mile relay by 50 yards, the chunky youngster caught Redford's John Santer at the quarter-mile mark.

He raced him shoulder-to-shoulder to the half, then stepped cleanly into the lead and won by 30 yards. Unofficially, Clark was caught in 4:38.4.

Another top individual performance meshed into the Relay mosaic was turned in by Central's brilliant Cliff Hatcher, the City League half-mile champion.

* * *

A QUARTER-MILER this season, Hatcher toured his 440 leg on Central's medley relay unit in :49.1.

The time is a full second better than the State record and seven-tenths under the City League mark. He gave the Blazers such a lead that Dan Marcus, Bolivar McGowan and Louis Kwiker were able to win their heat without pressing in an excellent 3:16.5.

Denby, which missed out on its first Relay crown by only a point, set the pace in three heats, posting best time in two, and won two field event titles.

THE CLIMAX of a brilliant uphill battle to take the lead in the four-mile relay at the Wayne Relays is shown above as Jim Clark (left), of Mackenzie, pulls up even with Redford's John Santor. Clark trailed by 50 yards but made up the ground and went on to give his team a victory in the event.

CORNELL WINS MEET

Stanfield Sets Mark for Circular '220'

PHILADELPHIA — (AP) — Seton Hall's Andy Stanfield blazed 220 yards in 20.6 seconds, the fastest a human has ever run the distance around a full turn—to take some of the glitter from Cornell's team—winning performance in the Diamond Jubilee I C 4-A track and field championships.

The Negro star, one of America's great hopes for the 1952 Olympics, thus missed his try for a triple by just three-quarters of an inch.

That measured the distance that Cornell's Meredith Gourdine beat him with his record-shattering broad jump of 25 feet, 9¼ inches. Stanfield did 25-9 in the trials Friday, but chose no' to try to do better Saturday.

Stanfield saved his wind for the dashes, winning the 100-yard dash for the third straight time in 9.7 seconds before turning in his magnificent effort in the 220.

* * *

THE MARK OF 20.6 tied the IC4A record which Stanfield himself set at New York's Randals Island in 1949. But that was on a straightaway track.

The fastest listed time for the 220 on a circular track is 21.2 belonging to Ralph Metcalfe, the Olympic sprinter from Marquette, in 1933. Some have bettered that unofficially but no one, on record, has touched the blistering pace set by Stanfield.

The world record for the 220 on a straightaway track is 20.2 seconds set by Mel Patton in Los Angeles in 1949. Track experts figure a runner loses three-tenth of a second in making a turn.

* * *

GOURDINE, his right heel still stinging from a week-old spike wound, was the outstanding star for Cornell, which won its first IC4A team title since 1936 with a 33¼ points.

Manhattan, without a single champion but with plenty of point depth in the sprints, finished second with 29½, followed by Seton Hall 23, Villanova with 18, Penn State 14½ and Georgetown 13.

Gourdine, who set the broad jump record in trials Friday, came back on this warm Saturday to win the 220-yard low hurdles in 23.7 seconds—the only other double of the day.

Major Factor Wins Plate

TORONTO—(AP)—Major Factor, a brown gelding owned by E. P. Taylor, of Toronto, won the 52nd running of the King's Plate with a great stretch drive at Woodbine Race Track.

Libertine was second by three-quarters of a length and Bear Field third in the near-record field of 21.

Major Factor rolled to victory in 1:53, one second slower than the Plate record set in 1948 by Last Mark. Major Factor paid $8.30, $3.90 and $2.75. Libertine paid $4.05 and $2.70 and Bear Field $2.70.

Jackson Double in 3 Figures

JACKSON— A crowd of 5,600 turned out for the third Saturday night of harness racing at Jackson Raceway and saw another big daily double payoff of $174.20.

Mabel's Filly and Jackie won to send the double into three figures for the fifth time in 12 nights.
