Stags Take First Track Championship

Continued from First Sports Page
hurdles in an amazing :14.4, trimming three-tenths of a second off the mark he had set in the preliminaries.

That effort is two-tenths better than the State record set by Michigan State College's Horace Smith while at Jackson High in 1941.

Howard later tied his own low hurdle standard of :13 flat, while becoming the meet's only double-winner. His time, however, was discounted because of a strong following wind.

WHILE MACKENZIE furnished the meet's top surprise, there was another in a more dismal light. It was the poor showing of Cooley, long-time ruler of City League track.

The Cardinals were far back in 10th place with only six points; their worst performance in 18 years under Coach Claude Saarey.
