

Two big chukles have come out of the prep track season thus far. . . . At the Albion College Invitational, Willie Frewitt, Willow Run's sparkling sophomore, picked up his first place Class B broad jump medal before the event was over. . . . He had leaped 22 feet, 10 inches, in the prelims and did not realize that finals would be held. . . . No one questioned him when he picked up the medal prematurely. . . . In Battle Creek Central's first night meet the other night at home Bill Johnson, Kalamazoo anchor man in the half-mile relay, didn't see the tape and kept going around the track—until called back by his coach, Ed Feder. . . . Johnson had time to retrace his steps and hit the tape, which was at the end of the track, off the curve.

### Lions Football Games To Start Earlier

DETROIT —(AP)—The Detroit Lions professional football club will start its 1956 home games at 1:30 p.m., one-half hour earlier than usual.

Lion general manager Nick Kerway said several factors are involved in the switch. "The extra half-hour of daylight will prove helpful to all fans who face long drives to their homes after the game," said Kerway. "The earlier start also will insure better lighting throughout the game."

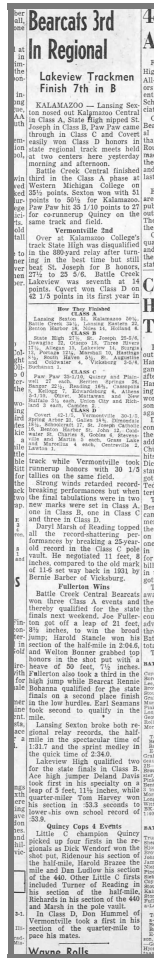

The Lions will have five home games beginning at 1:30 — Los Angeles, San Francisco, Baltimore, Chicago Bears and Pittsburgh.
