

**THEY HAVE BOTH OTHER TIMES**

# Redford Win Its Own Relays?

**BY TOM McPHAIL**

Redford High, which doesn't let anyone else win its Relay carnival championships, will let six other schools have another try Monday.

The only team champion in the two-year-old event, the Huskies will host Cody, Mackenzie, Mumford and three suburban schools at 3:15 on its Sawyer Field track.

Farmington, with crack hurdler Warren Cawley, Thurston and Redford Union, which has entered star pole vaulter Dick Fortener, are the suburban teams invited.

**THE HUSKIES** won their first title in 1955, skipped a year when the Relays were not held and defeated five teams again in 1957.

This year, with the threat of suburban teams added for the first time, there may be a new champion.

Bruce Waha, young Huskie coach, picks Mackenzie for the title, citing its depth in the 440 and 880 and mile runs and the field events.

"We don't have the power in the sprints and field events to win," Waha explained. He picks his team for third.

Farmington looks strong in the shuttle hurdle relay, one of 13 events, because of Cawley. The Falcon junior won the 65-yard high hurdles title at the Huron Relays.

**FORTENER**, who has cleared 12 feet, leads a powerful Redford Union pole vaulting squad.

The meet gets underway at 3:15 p.m. with the field events. The 880-yard relay is scheduled to open the running events at 3:30 p.m.
