

TO: MICHIGAN AAU TRACK COACHES

FROM: JOE SMETANKA, LIPKE TRACK CLUB-MICH. RECORDS CHAIRMAN

**\*\*RECORDS-RECORDS-RECORDS-RECORDS\*\***

Enclosed are the updated AAU records, to the best of my knowledge, for the following categories: 1. Boys National AAU Records 2. Girls AAU National Records 3. Boys State Outdoor Records 4. Girls Outdoor State Records 5. Boys State All-Comers Records 6. Girls State All-Comers Records 7. 1972 National AAU Rankings.

If you do not have all these records enclosed, it is because some of them may not be of interest to you if you do not have both boys and girls in your club. If you desire all the records, please send a self addressed and stamped envelope.

Updated records will be sent out each month. They will be on an addition sheet, so you are urged to keep these enclosed original sheets and add the additions and corrections to the bottom of the pertinent ones. There is room on most of the sheets for this purpose.

Indoor records will be sent out when time permits. I will once again rank the top 10 performances for the Michigan athletes in the State as I did last year. They will be taken from meet results I receive. If you compete out of states, you should see that I receive a copy of the meet results. Last year, several Michigan athletes were not in the final National AAU Tabulations because meet results were not received showing their performances. I hope you will assist me in this matter.

I have record applications for those who may need them. In submitting record applications, make sure you have the complete meet results, wind readings, location, birth date of person, type of track, date and meet director.
