

Equal Chance for Girls

LET ME CONGRATULATE you on the position you took concerning women's competitive athletics in your women's section. It is the first piece of honest writing my students and I have seen on a very controversial subject.

I would like to correct Mr. Bob Parks from Eastern Michigan University, who stated, "there is nothing for them in Michigan colleges; it is absolute zero." There is something. This year Central Michigan University officially approved girl's track and field, and we stand as the lone Michigan college girls team. I contacted all the other Michigan schools and they hinted a future interest in their intercollegiate track teams, but as of now, we are the only ones.

MRS. CAROLE HOWARD
Track Coach
Central Michigan University

Mt. Pleasant

CMU adds womens track 5-9-1972
