November 6, 1973

TO ALL COACHES AND CONTESTANTS:

Your cooperation at the State Final Class B Cross Country Meet was, I think, exemplary. You were alert, particularly during our temporary loss of P. A. system. You were prompt and you were great competitors. As at any big meet errors occur despite the best laid plans. You will note an adjustment in placement necessitated when two numbers were issued to one finisher - 16-17 65-66. Fortunately, the tape recorder picked up the errors and most fortunately, they did not affect either the team score or the top fifteen finishers. However, the report will show a team total different than that posted on the scoreboard for a couple teams.

I must commend your respect shown for the grounds. It is difficult to obtain suitable areas for state meets and certainly your conduct is beneficial to future requests. I hope everyone was satisfied with the manner in which the meet was operated and I congratulate you who were involved in making great strides toward Cross Country becoming one of Michigan's major high school sports.

Sincerely,

Claude Cranston
Athletic Director
Linden High School
