Welcome to the Tenth Annual Lansing State Journal Spartan High School Relays.

Through the years, it has been a privilege for both The State Journal and Michigan State University to support and encourage the development of interscholastic track in Michigan. We are proud to sponsor this meet which continues to be one of the largest of its kind in the United States.

The activity this weekend will be the start of a rewarding competitive experience for participants, and we trust it inspires them to even greater accomplishments in the future.

Good luck to every school and every competitor.
