

Saturday June 1, 1974

GUY V HOUSTON STADIUM

CLASS A STATE CHAMPIONSHIP
TRACK AND FIELD MEET

GENERAL INFORMATION

(Contestants and Coaches)

1. DRAWINGS--Heat leaders are placed according to the records made in the Regional Meets. Drawing for lanes in the dashes, hurdles, and distance races were made previous to the start of the meet.
 2. WEIGHT MEN--Have your shot checked for weight and the shot put ring at the time of the event.
 3. TRAINING ROOM--Trainers will be available in the stadium training room.
 4. Coaches and Contestants must stay in the stands during the meet. Contestants must keep out of the fenced-in area unless actually competing. Contestants will be subject to disqualification if they do not follow instructions of officials in regard to this matter.
 5. All Contestants in the running events are to report to the "BULL PEN" assembly area when their event is called. At this time the clerks will assign the men to their heats. (The "Bull Pen" is located north of the running track.)
 6. SPIKES--All track and field event contestants must wear quarter-inch (short) spikes in their shoes. Officials will be checking on this.
- PRIZES:
- (a) TEAM TROPHIES will be awarded to the first and second placing teams in the meet.
 - (b) INDIVIDUAL POINT WINNERS will receive medals; in the case of ties, duplicate medals will be awarded.
 - (c) Team trophies will be awarded to the first place team in the 880, Mile, and 440 relays.

MICHIGAN HIGH SCHOOL ATHLETIC ASSOCIATION

Allen W. Bush
State Director of Athletics

Vern L. Norris
Associate Director

Joan Warrington
Assistant Director

Warren D. McKenzie
Assistant Director

By Len Hoyes

No "who's who" in Flint high school athletics would be complete without listing Napoleon (Nap) Lavoie, athletic director -- emeritus of Central High.

His distinguished career as player, coach, and administrator spanned all or parts of five decades before his retirement in 1968. No other Flint person-ality can make that claim.

Now 73 and living near East Tawas, Lavoie devoted 38 years to the Flint Public Schools.

His career began at old Flint High School where he was a lineman for the 1924 state championship team which had a 10-0 record. That team scored 378 points and allowed only 28. Among his teammates was Lloyd Brazil, later to become Flint's first All-American at University of Detroit.

Lavoie was a standout guard at Michigan Normal, now Eastern Michigan University. Normal lost only four games in his four seasons.

He returned to Flint after graduation in 1930 and remained part of the Flint school system until retirement. He was Central's football coach for five seasons, compiling a 28-14-1 record in 1934-38. He became athletic director in 1939.

Although primarily an administrator thereafter, whenever a gap needed to be filled in the athletic program, Lavoie was the man. Nap was very instrumental in administering regional basketball and track meets in the Flint area for years. He was honored in 1968 as a Distinguished Alumnus by Eastern Michigan.

Nap Lavoie's career in Flint certainly has been distinguished.

STADIUM FACTS

PRESS BOX—Probably the most impressive feature of Houston Stadium is the spacious two-tiered press box constructed of insulated metal panels. It will accommodate 42 people. The upper tier, composed of five all-enclosed booths, has two radio areas, a booth for the game announcer and a spotting booth for both the visiting and the home team. The lower tier has working area for the press and for scouts. A roof area serves TV personnel and cameramen.

ALL-WEATHER TRACK—A one-inch layer of rubberized material (Reslite) has been applied to an asphalt base giving all nine lanes of track the smooth, inclined surfacing which provides quick drainage. The same surface has been applied to all field event approaches. Colorful and permanent lane markings provide a crowning touch. Unusual features include drainage and dual approaches for the pole vault and long-jump areas and a circular high jump area permitting flexibility in the placement of high jump stands.

LIGHTING—A quartz beam floodlighting system of approximately 256 fixtures mounted on six steel poles at the 70 and 100-foot levels result in one of the finest illuminated stadiums in the Midwest. Lighting has also been provided for the area beneath the grandstand. **SUBSIDIARY FEATURES**—These include 8' fencing enclosing the football and track areas, a public address system with loudspeaker for both the playing area and the locker room and a professional-type electrical scoreboard.

As the name honors a life composed of a multitude of talents, so, too, the completed edifice is formed of many individual components. The grandstand, the locker and concession area, the press box, the all-weather lighted track and the many subsidiary features comprise the totality which we commit to use this evening.

STADIUM—Built to accommodate 5,000 spectators, the stadium is constructed of precast concrete with steel frame supporting structures. An outstanding feature will be the colored perma-glass seating (gold for the reserved center section and green for the four adjacent sections). They are almost maintenance-free. Similar to seating now in use at the University of Michigan Stadium, their excellence will be further enhanced by durable, laminated numbering. Every seat at Houston Stadium will be the "perfect" one because of the almost complete absence of obstructing utility poles and supporting beams.

LOCKER AND CONCESSION AREA—In addition to a permanent concession stand, this area includes electrically heated locker rooms with lavatories and showers for each team, training room, equipment room and coaches room for the home team. There are also lavatories for spectators, office and officials room, ticket facilities and an electrical equipment room. Special locker room features include chalkboards and telephone hook-ups to the press box and the stadium office. The building has lightweight painted block walls, exposed concrete roof deck and concrete floors.

Relays

The 880 Yard Relay is to be run in accordance with the provisions of the 1974 Official Track and Field Rules Book, except that the first two 220 yard legs are to be run in lanes from staggered starts. The number three runner will receive the baton from the number two runner in the same lane in which the latter started; thereafter, "At each station each competitor shall line up in the same relative position as for his teammate who starts the race but there may be movements to a position better suited to meeting the passer of the baton. Each passer will keep a straight course to the exchange zone and the burden of responsibility for taking the position which corresponds to that to which the passer is entitled is on the receiver. This permits a team which has a distinct lead throughout the race to make all exchanges in the pole position."

The One Mile Relay is to be run in lanes from staggered starts around the first two turns. The first exchange is to be made in the same lane in which each team started; thereafter, lanes are to be disregarded and the baton exchange is to be made in accordance with the above quotation.

The 440 Yard Relay is to be run from a two turn staggered start and in lanes throughout the entire event.

Qualification Standards

Qualification from Lower Peninsula Regional Meets to Lower Peninsula Final Meets--The first three places in each event in each class in each Regional Meet may enter the Lower Peninsula Final Meet in that event and class. This, however, is qualified by the following:

Three will qualify, providing there are eight or more entries remaining after the pre-meet scratch meeting, in that event in that class.

If there are five, six, or seven entries remaining after the pre-meet scratch meeting, two will qualify.

If there are four or less entries remaining after the pre-meet scratch meeting, one will qualify.

In addition to the above number of qualifiers allowed, any contestant who in a Regional Meet final, equals or betters the best eighth place time, (tenth place time for relays) height, or distance which was made in an event during the past three years at a Lower Peninsula Final Meet shall qualify to the 1974 Lower Peninsula Final Meet in that event in that class. Qualifying distances in the long jump and shot put preliminary trials are to be considered in connection with the above.
