NEW YORK (AP) — Detroit center fielder Ron LeFlore, who captured baseball's attention with his 30-game hitting streak, has won the American League's Player of the Month Award for May.

The 30-game streak was the longest in the American League in 27 years and the longest in the majors in six years. Boston's Dom DiMaggio hit in 34 straight games in 1949 and Ricu Carty had 31 for Atlanta in 1970.

Only 15 players in major league history have put together longer streaks than LeFlore's. Since 1900 only Joe DiMaggio, George Sisler and Tommy Holmes have streaks of more than 31 games.

LeFlore hit in every game but one in May, compiling a .398 average on 45 hits in 133 at-bats. He hit seven doubles, five triples and one home run, producing a .575 slugging average. He drove in 13 runs from his leadoff position and stole 11 bases.
