

CLASS A STATE CHAMPIONSHIP

TRACK AND FIELD MEET

FLINT'S GUY V HOUSTON STADIUM

Saturday, June 2, 1979

CENTRAL INFORMATION

(Contestants and Coaches)

DRAWINGS:

- a. 100/120 and 220. Heats have been established by times recorded at Regional Meets. Lane assignments have been made according to National Rules.
- b. Relays and 220 m. Heats have been established by times recorded at Regional Meets. Lane assignments have been made by an odd draw with lanes determined by the Coach's number 100, 110, and 2 m. Heats. Staggered entry starting procedures will be used. Heat assignments have been made according to National Rules. The individual with the best regional time in each event will have the pole position in the first alley; the individual with the second best time, the pole position in the second alley; and the individual with the third best time will be the pole position in the third alley. The fourth best time will place an individual in position two of the first alley; fifth best time in the second position of the second alley; and sixth best time will occupy the second position in the third alley. Individuals with seventh, eighth, and ninth best times will occupy positions three in all alleys one, two, and three respectively. In a second row of contestants if necessary, this same procedure will be followed for them.

2. WEIGHT MEN: The official shall be checked for weight, size, and class prior to the time of the event as indicated. The shot shall be checked for weight at the shot put only prior to the time of the event.
3. TRAINING ROOM: A lifeguard will be available in the training room.
4. COACHES AND CONFERENTS must stay in the stands during the meet. Coaches and confers must keep out of the house in order unless actually competing. Confers will be subject to observation if they do not follow instructions of officials in regard to their position.
5. ALL CONFERENTS in the running events are to report to the "Final Run" assembly area when they are called. At this time the confers will assign the wet to their heats. (The "Final Run" is located north of the running track.)
6. SPIRITS: All track and field event confers must wear wristbands (1/4" or less) made of paper in their heats. Officials will be checking on this.

PRIZES:

- (a) TEAM PRIZES will be awarded to the first and second place teams in the meet.
- (b) INDIVIDUAL BOY WINNERS and relay teams will receive medals for the first six places in the case of ties, duplicate medals will be awarded.
- (c) The coach is expected to pick up all medals for his team at the conclusion of the meet at the official's booth.

## STADIUM FACTS

As the name honors a life composed of a multitude of talents, so, too, the completed edifice is formed of many individual components. The grandstand, the locker and concession area, the press box, the all-weather lighted track and the many subsidiary features comprise the totality which we commit to use this day.

**STADIUM**-Built to accommodate 5,000 spectators, the stadium is constructed of precast concrete with steel frame supporting structures. An outstanding feature will be the colored perma-glass seating (gold for the reserved center section and green for the four adjacent sections). They are almost maintenance-free. Similar to seating now in use at the University of Michigan Stadium, their excellence will be further enhanced by durable, laminated numbering. Every seat at Houston Stadium will be the "perfect" one because of the almost complete absence of obstructing utility poles and supporting beams.

**LOCKER AND CONCESSION AREA**-In addition to a permanent concession stand, this area includes electrically heated locker rooms with lavatories and showers for each team, training room, equipment room and coaches room for the home team. There are also lavatories for spectators, office and officials room, ticket facilities and an electrical equipment room. Special locker room features include chalkboards and telephone hook-ups to the press box and the stadium office. The building has lightweight painted block walls, exposed concrete roof deck and concrete floors.

**PRESS BOX**-Probably the most impressive feature of Houston Stadium is the spacious two-tiered press box constructed of insulated metal panels. It will accommodate 42 people. The upper tier, composed of five all-enclosed booths, has two radio areas, a booth for the game announcer and a spotting booth for both the visiting and the home team. The lower tier has working area for the press and for scouts. A roof area serves TV personnel and cameramen.

**ALL-WEATHER TRACK**-A one-inch layer of rubberized material (Reslite) has been applied to an asphalt base giving all nine lanes of track the smooth, inclined surfacing which provides quick drainage. The same surface has been applied to all field event approaches. Colorful and permanent lane markings provide a crowning touch. Unusual features include drainage and dual approaches for the pole vault and long-jump areas and a circular high jump area permitting flexibility in the placement of high jump stands.

**LIGHTING**-A quartz beam flood-lighting system of approximately 256 fixtures mounted on six steel poles at the 70 and 100-foot levels result in one of the finest illuminated stadiums in the Midwest. Lighting has also been provided for the area beneath the grandstand.

**SUBSIDIARY FEATURES**-These include 8' fencing enclosing the football and track areas, a public address system with loudspeaker for both the playing area and the locker room and a professional type electrical scoreboard.

## FINAL TIME SCHEDULE

### MORNING

10:00 A.M. Pole Vault - High Jump - Discus

10:00 A.M. 100 Yard Dash Preliminaries  
120 Yard High Hurdles Preliminaries  
220 Yard Dash Preliminaries

100 Yard Dash Semi-Finals  
120 Yard High Hurdles Semi-Finals  
220 Yard Dash Semi-Finals

### AFTERNOON

(All Final Events)

1:30 P.M. Long Jump                      2:00 P.M.      Shot Put

1:30 P.M. 120 Yard High Hurdles - Finals  
100 Yard Dash - Finals  
Mile Run - (two heats)  
880 Yard Relay - (five heats)

## TRACK AND FIELD FACTS

### Relays

The 330 Yard Relay is to be run in accordance with the provisions of the 1979 National Federation Track and Field Rules Book, except that the first two 220 yard legs are to be run in lanes from staggered starts. The number three runner will receive the baton from the number two runner in the same lane in which the latter staggered themselves. At each station each competitor shall line up in the same relative position as for the runner who starts the race but there may be movement to a position better suited to meeting the passer of the baton. Each passer will keep a straight course to the exchange zone and the founder of responsibility for taking the position which confers credit to that to which the passer is entitled is on the receiver. This permits a team which has a consistent lead throughout the race to make all exchanges in the pole position."

The One Mile Relay is to be run in lanes from staggered starts around the track two times. The first exchange is to be made in the same lane in which each team staggered themselves, thereafter, lanes are to be alternated and the baton exchange is to be made in accordance with the above quotation.

The 4x400 Yard Relay is to be run from a two lane staggered start and in lanes throughout the entire event.

### Qualification Standards

Qualification from Lower Peninsula Regional Meets to Lower Peninsula Final Meets--The first three places in each event in each class in each Regional Meet may enter the Lower Peninsula Final Meet in that event and class. This, however, is qualified by the following:

Three will qualify, providing there are eight or more entries remaining after the pre-meet scratch meeting, in that event in that class.

If there are five, six, or seven entries remaining after the pre-meet scratch meeting, two will qualify.

If there are four or less entries remaining after the pre-meet scratch meeting, one will qualify.

In addition to the above number of qualifiers allowed, any contestant who in a Regional Meet Final, equals or bests the best eighth place time, (eighth place time for relays) height, or distance which was made in an event during the past three years at a Lower Peninsula Final Meet shall qualify to the 1979 Lower Peninsula Final Meet in that event in that class. Qualifying distances in the preliminary trials of the long jump, shot put, and discus are to be considered in connection with the above.
