343 pts...15th/30 teams/210 ran

As far as we can determine, this is the best finish ever in state competition by a Milford team in the history of the school. You girls are to be congratulated over and over again. To say that I was proud would be an understatement. Standing up there on the awards platform...looking out over the hundreds of runners and thousands of spectators...is something that Coach Edwards and I will never forget. It only makes me want to come back again and go for the gold next year.

You kids conducted yourselves with class. You listened well. You did not take the choke as so many teams do in the State meet. If you keep things in perspective and prepare yourself mentally, this kind of race becomes a piece of cake!!

For the guys...you were almost there! Picture this; Danley runs with Royce and Hilliard runs with Johnson.....Milford scores 284 pts/5th place!!!! That's how close it was this year. We just couldn't get over the hump.

It is still a credit to you that you finished ahead of 15 other teams in a very tough field. To your credit, you beat Brother Rice, Howell, and Brighton. Those guys really folded under the pressure.

You are now faced with an interesting proposition for next year. Milford could conceivably be going after two state championships in 1985. Are the guys willing to make the next year better than this one? Are you willing to not only train on your own but make the extra efforts necessary to beat Lakeland??? If you are, then 1985 could be a fun year.

Again kids, Congratulations on making it to another State meet. Congratulations on all the best performances!! And congratulations on keeping Milford up there with the elite teams in the state; you did quite a job!

FOOD FOR THOUGHT:

"All life is based on the fact that anything worth getting is hard to get! There is a price to be paid for anything. Scholarship can only be bought at the price of study, skill in any craft or technique can only be bought at the price of practice, eminence in any sport can only be bought at the price of training and discipline. THE WORLD IS FULL OF PEOPLE WHO HAVE MISSED THEIR DESTINY BECAUSE THEY WOULD NOT PAY THE PRICE. No one can take the easy way and enter into any kind of glory or greatness."

William Barclay

YOUR DESTINY IS THE 1985 STATE MEET.....DON'T MISS IT!!!!!!

You gals gave it a shot. I can't ask for anything more. You kids certainly came close to running your best. To your credit, nobody "choked" today. As a team, I thought (on a scale of 1-10) that we ran about an 8. Terese, Carrie, and Heather weren't that far off their best times. But even if we had all run our best races, it wouldn't have been enough to win the meet. We still finish in 3rd place with our best races ever.

I felt good going into the meet and I feel good now that I've looked over the times and see that we gave it a pretty good shot. This just wasn't the year.

Special congratulations are in order to Terese and Carrie for finishing high among the elite...to Jill, Nancy, and Becky for turning in their best times...to Tom Royce for bringing home a state medal in an excellent race...to Scott Pennebaker for a fine Sophomore showing in the state meet.

Overall, it was a pretty good day even though we had hoped for bigger and better things. You girls have now finished 7th, 2nd, and 4th.....one of the most consistent finishing teams in the state.

For Tom and Scott, you two have run the best races of any runner that I have taken to the Individual run in the state meet. Previous finishes were 50, 55, 63, 71, 88. As a sophomore, Pete Colley finished 63rd. He later went on to become an All American at Hillsdale. You two guys are in some pretty select company.

Now's the time to relax. Take some time off and then start thinking about next year! (Yes, that means track this spring.) No S.H. Stevenson girls do anything else in spring! You ran with the best. You competed against the best. I was proud of all of you.
