

WELCOME

Track and Field is one of twenty-three sports championships sponsored by the Michigan High School Athletic Association. Championship competition provides students with highly competitive athletic programs which fit into the high school curriculum.

Approximately 48,000 male and female athletes began the season with hopes of making their high school varsity team and thereby earning an opportunity to participate in an M.H.S.A.A. Regional Track Meet. Six hundred and thirty-nine boys teams and six hundred and eleven girls teams were assigned to Michigan High School Athletic Association Regional Track and Field competition.

The high school Track and Field season culminates with today's competition. Your enthusiastic support will ensure that all who compete here today will be winners.
