Acce. rank. enjoyable & fun  
- lots of fun in our court  
- Very satisfy many  
- Kids show lot of improv  
- great team effort this year.  
- Determined team  
- Never really overpowered anyone, steady Perf. with arms  
- But each meet they seemed to do what had to be done to win.  
- If we were a off or made some mistakes in one event some else would pick up the slack & give an outstanding performance to make up for it

\* Started with nice nucleus

- Blake Born
- Barnes
- BT.
- Otto

\* Through the year got great performance from everyone. All the kids contributed at one point or another but in particular - we had steady performance from:

- Wm Armstrong
- Eric Hill
- Mark Kotsonas
- Ryan Vanderhoff

Success - We recall do anything different than anyone else.  
- been fortunate  
- Good Athletes (Ability)  
- Good results

Winning tradition - started with  
- help attract good athletes  
- They see the benefit of hard work  
- They believe they can win any meet they are in.

- We try to let each athlete know they are important  
- NO Most valuable

- Everyone is important  
- 3rd place point might mean the difference

- Even if the never score a team point we record each athlete performance throughout the year and watch their improvement.

Try to let each one know this  
- we try to get to all of the team members to let them know we realize they had a part to play  
Cont.

Record

Difference between winning & losing is very close 10th of sec

- We try to have ready mentally as physically so they win by a 10th rather than lose by a 10th
