

TRACK RESULTS

VOL I: No. 1

1321 Country Club Dr.

Hiles, MI. 49120

(616) 684-4052

Well here goes, this begins **TRACK RESULTS**. Mary & I have been doing **JSS COUNTRY INVITATIONAL RESULTS** for the past 17 years. We are replacing **THE FINISH LINE**, done by Jerry Ries. I tried to remember what it was like when we started **CCIR**, but.....

We are a little late getting this first issue out and still have to iron out some bugs. We are going to need your help, as we have gotten for **CCIR**. We are going to need you to send in meet results, area listings and any other information that you would like the coaches of Michigan to have.

This issue contains a complete copy of the state final results from 1987. We tried to find the grades of each athlete that scored in the state meet last season and indicate that on the results. It is a lot harder to do that for track & field that it was for cross country. Those athletes that graduated have the place they scored crossed out, with an "*" following the performance. Athletes returning have this year's grade listed, ie: S. J. So. Where nothing is indicated, we do not know the information. There was a mix-up in the way I recorded the information on the results, that is why the seniors are indicated the way they are.

The boys results are on the blue or green paper. The girls results are on the pink paper. Following the girl's results is a listing of the invitationals that we know of, by date. And finally the regional assignments for the MHSAA Regional Meets.

A couple of class changes of interest are: East Catholic requested to move to Class B. Concord has moved up to Class C, and Flint Kearsley is again Class

The second issue will follow in a week or so, as soon as we receive the information on the MITCA Indoor Season. The third issue will be around the second week in April. This will include results from all of the indoor meets we can get. After the week of April 13th, and until the week of the regionals, we will have weekly listings for each class. The regional issue will be mailed the Tuesday before the state meet and contain all of the regional results we receive. The final issue will contain all of the state meet results, quad state meet results and a final listing.

TRACK RESULTS will be more of a listings, than meet results. We will try to go 10 deep in each event that is in the state finals. In addition we will try to keep a listing of the relay events found in the relay meets. We will need coaches to send us this information. We have list of papers that have a local listing and hope to get a lot of information from these listings.

Things have been hectic this winter. I have been a volunteer coach for the Women's Track Club at Notre Dame. This came about because Brandywine had cut track for the spring, along with tennis, jv baseball, jv softball and junior high track because of budget(?) problems. Wendy asked me if I would coach the club as there were without one and she runs there.

Two weeks ago we had a mileage election and the board said they would put bussing back if it passed. Well it passed and a group worked to get te spring rts back that were cut. Monday night the board put the sports back. Now, after 17 years as head coach, I have been told the track position must be posted and I must apply fo te posiion I held for 17 years. Hopefully things willb worked out and I will be back coaching again next week.

Please send any comments you have and help spread the word of **TRACK RESULTS**. Best of luck this season.

TRACK & FIELD INVITATIONALS/RELAYS 1988

The following is an attempt to compile/list the track & field invitationals/relays that are being held this season. Since this is the first time we have attempted to compile a list of invitationals/relays we realize that there are many meets that are not listed. If you know of meets that we do not have listed, or meets that are listed on the wrong date please let us know.

If you are interested in participating in any of the meets, contact the host school direct. We understand the following to mean: INVITATIONAL- meets that follow the regional format, individual events and the regular relays. RELAYS_ meets that have very few individual events, mostly relays.

When we know the classes of schools in the meet, they are listed. We assume all meets will have boy's and girl's events, unless otherwise stated. CO-ED events are those meets where the relay events combine girl and boys.

TRACK RESULTS

VOL. I No. 4

for performances through April 20, 1988

This is the first of the weekly listings. There will be a weekly listing each week until the week of the regionals. TRACK RESULTS will send for all the regional results and publish the results we receive the Tuesday before the state finals.

TRACK RESULTS will depend on your help to receive information for the listings. You can call or mail the information in to:

TRACK RESULTS 1321 Country Club Dr. Niles, MI. 49120 (616) 684-4052

That is our home address and phone. If you call the information in, someone is usually home during the school day and you can try to call from school. To call in the evening please try to call between: 7:00 PM and 11:00 PM. You can also call on the weekend.

The information we would like to have on all of the performances is:

ATHLETE'S NAME- grade(male or female) SCHOOL

performance- if running and in yards mention that & make sure and tell us if the time given is converted.

We would like to grade because that will help us for the first issue next year when the returning scorers are indicated in the state results. Also it will help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in that meet at the end of the season. Participants must be a senior. Also there are several colleges that receive TRACK RESULTS and they like to know the grades of the people listed so they know who to contact.

If you know any additional performances other than from your team, please give them to us when you give your information. Especiall if yb tknow grades of people we have listed, but do not have grades for.

WE are sending for results of meets, but will not publish a lot of results. Time and space will be a problem. We need the meet results though to compile the listings.

We are contacting people to send us weekly listings from area papers. The following is the list of papers that carry weekly listings that we know of. St. Joseph Herald-Paladium, Lansing State Journal, Grand Rapids Press, Flint Journal, Bay City and Muskegon Papers, Huron Daily Tribune, Port Huron Times, Kalamazoo Gazette. I am sure that are papers other than those that have weekly listings. Also Oakland Press, Birmingham papers. If you would let us know the names of the papers and send us the listings we will be able to keep our listings complete.

The first listing is composed basically of indoor performances. There was not enough information to compile a real listing of the 100- 200- Hurdles- 400 and 400 Relays. We hope to have enough information to list these events next week. TRACK RESULTS will also compile a list of the other common relay events- 800 Medley, Medley(4-2-2-4), Sprint Medley(4-2-2-8), Distance Medley, 6400 Relay and if possible Shuttle Hurdle RELay.

The keys on our listings:

*after the name means scorer in that event at state 1987
S- J- Soafter the name is the athlete's grade
i after the performance- indoor
y after the performance- performance in yards- converted
(note: other than the state competed events we will not convert the times. Those we converted are done so by using the rule book for conversions)

We would appreciate your comments. There may be some changes in the format as we are still trying to put things together.

or mail the information to:
TRACK RESULTS 1321 Country Club Dr. Niles, MI. 49120 (616) 684-4052

That is our home address and phone. If you call the information in, someone is usually home during the school day and you can try to call from school. To call in the evening please try to call between: 7:00 PM and 11:00 PM. You can also call on the weekend.

The information we would like to have on all of the performances is:

ATHLETE'S NAME- grade(male or female) SCHOOL/class of school
performance- if running and in yards mention that & make sure and tell us if the time was converted.

We would like the grade because that will help us for the first issue next year when the returning scorers are indicated in the state results. Also it will help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in that meet at the end of the season. Participants must be a senior. Also there are several colleges that receive TRACK RESULTS and they like to know the grades of the athletes.

The keys in the listing are:

- * after the names means scored in that event at state '87
- S- J- So- F- grade of athlete
- i indoor performance
- y- performance in yards- time converted. (note- only state competed events are converted. Other events like the Distance Medley are left in yards and the time is fitted in.) Conversions are those listed in the rul book.

This issue is a little late. We would like to mail each issue on Wednesday. To do this we need information by Tuesday to get it entered. Information received after Tuesday will not be placed in the listings until the following week.

If you have a senior, or an athlete that will not have eligibility after this season and you feel that he/she is one of the top athletes in their event and would like them to be considered for the MICHIGAN TEAM in the Quad States meet you can contact the committee member for that event. Athletes listed in TRACK RESULTS- with their senior grade are known by the committee. BOYS: Duane Raffin/Chairman; Martin Crane- Beecher/jumps; John Swinburne- Muskegon Oakridge/throws; Don Marsh- Kearsley/pole vault; Lorenzo Croft- Ecorse/dash; Rich Tompkins- Fremont/400; Chuck Janke- Jackson/distance; Norb Badar- Flint/800; Dave Gordon- Ecorse/hurdles..... GIRLS: Bernie Abrams- Covert/Chairman; Bryan Westfield- Pioneer; Bob Glenn- Det. Cass Tech; Betty Robinson- Lathrup; Tyrone Armstrong- Beecher; Rose Wilkins- Bendle.....

TRACK RESULTS

VOL. I No. 6

for information through 5/2/88

This is the third week of the listings. Some of the outdoor events and Class D are still not complete as there has only been a couple of weeks outdoors. Some papers have not started their area listings and we have not received information on all schools in those areas.

This week there were several big meets, Central, Saginaw Valley and several others. We got some information from those meets, but not the complete information. If you have a copy of the results would you send them, we do not have them as yet.

Send information to:

TRACK RESULTS 1321 Country Club Dr. Niles, MI. 49120 (616) 684-4052

The above is our home address and phone. If you call the information in, someone is usually home during the school day and you can try to call from school. To call in the evening please try to call between: 7:00 PM and 11:00 PM. You can also call on the weekend.

The information we would like to have on all of the performances is:

ATHLETE's NAME- grade(male or female) SCHOOL/ class of school

performance- if running in yards mention that & make sure and tell us if the time was converted.

We would like the grade because that will help us for the first issue next year when the returning scorers are indicated in the state results. Also it will help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in that meet at the end of the season. Participants must have used all of their eligibility to be able to participate in that meet. Also several colleges receive TRACK RESULTS and they like to know the grades of the athletes.

The keys in the listin are: * after the names means scored in that event in state '87
S- J- So- F- grade in school
i indoor performance
y performance in yards- time converted. (note- only in state competed events are times converted. Other events like the Distance Medley are left in yards and time is fitted in) Conversions are by the rule book.

We tried to wrap-up this issue on Tuesday, so it could be mailed on Wednesday. A lot of information arrived on Tuesday. To get it in the current issue it should be here by 6:00 PM on Tuesday, otherwise it will be in the next issue.

Get hold of the April MHSAA Bulliten there is information in it on the 2-Day State Meet proposal. There is also a draft going around on proposed changes in the rules of competition- length of season, startieg dates, etc. See if your AD has a copy of th proposals that are being discussed. We need to know about proposed changes in our sports and make input before decisions are made.....

TRACK RESULTS

VOL. I No. 7

May 11, 1988

This is the fourth week of the listings. I did not know that there were that many different listings around the state. Thanks to all of you that have sent in listings. We still do not have a system down pat yet, but things seem to be getting done..... This issue is being mailed on Thursday as will the next issue, probably.

We will be sending for all regional results and try to put them in an issue that will be mailed the Tuesday before the state finals. Hopefully this will give us enough time to get all of the results, then type them up. The regional issue will contain only the state qualifiers, not the complete regional results. Also there will be no listing with that issue.

To have information placed in TRACK RESULTS, placed in the current issue please have it to us by Tuesday AM. The following is our home address and phone. If you call someone is usually home during the school day. When calling in the evening, call between: 7:00 PM and 11:00 PM. Calls can also be made on the weekend.

The information that we need is:

ATHLETE's NAME- grade(male/female) SCHOOL/class of school
performance- if running is yards mentions that & make sure and tell us if the time was converted.

We would like the grade because that will help us for the first issue next year when the returning scorers are indicated in the state results. Also it will help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in that meet at the end of theseason. Participants must have used all of their eligibility to be able to participate in that meet. Several colleges receive TRACK RESULTS and they like to know the grade of those listed.

The keys in the listings are: * after the name means scored in that event in state '87
S- J- So- F- grade in school
i indoor performance
y performance in yards- time converted.

MICHIGAN SPECIAL OLYMPICS Fri/Sat June 3/4 Central Michigan University

The Special Olympics of Michigan is in need of officials to help out at the State Games at Central Michigan the beginning of June. This is also the Saturday of the State Track & Field Championships, and like most coaches I hope that my duties will call me to that meet. But if you are not, or you know of someone that would be interested in helping officiate, volunteer, they would appreciate it. Meals and housing can be provided.

I was on the Venue Committee for the International Special Olympics at Notre Dame last year and it was some experience. I know several Michigan coaches helped out and all enjoyed it. There are many different sports, so if all of your track officials are tied up, maybe some officials/coaches in other sports would be available.

Our committee that runs the SOUTH BEND CLASSIC, the indoor track & field meet at Notre Dame added a 60 Yard Dash for the participants of Special Olympics. We hope to expand on the program for these athletes and add a couple of more events in future years.

The meet times are: Fri 8:00 AM - 9:00PM- with breaks for meals
Sat. 8:00 AM - 5:00PM

TRACK RESULTS
1321 COUNTRY CLUB DR.
NILES, MI. 49120

Thanks to all of the meet managers/coaches that sent us the regional results. We got information on all but one of the regionals, and sketchy info on a second. Most of the regional results we did receive, a few we had to get information from papers. For a couple of regionals we got results from coaches, rather than the regional manager.

The Class B information is a ranked listing of all the entries in the events, rather than by regional results. Jack Grant, meet manager, was willing to send a copy of his typed list of entries. For all of the other regionals, the information is by region, listing the qualifiers for each event.

I keep thinking things will slow down, but each week it seem to be a shorter week. Last week besides the newsletter we had our conference meet, along with the regular school/practice activities. Jim, our third, graduated Sunday so that threw everything out the window. We had an open house after graduation Sunday, relatives in town for the weekend. After graduation the school sponsored an all night party at the YMCA and Mary & I help watch thing until 2:00AM. Jim graduated with honors, and it was great, but I am glad we have 7 years before our next high school graduation.

Jack was a lifesaver sending the listing of entries for the Class B meet as with everything else I don't know how we could have gotten 18 more regionals typed. This week is final exams for Brandywine, and my grades are due Friday before we leave for the state. I could turn them in Monday, but I have a graduation in Lansing on Sunday. A week off then I start summer school. On top of that I have to get the CCIR questionnaire out this weekend.

There will be one more issue of TRACK RESULTS this year. It will contain the results of all the state finals and hopefully the Quad State Meet. It will probably not come out for a couple weeks as..... We have graduation in Detroit the following week. If TRACK RESULTS is being mailed to your school address, it should be there by the end of June.

I kind of doubt that there will be a final listing, as probably the top performances will be in the state meets. Several people have sent in listings since the last listing came out. We will look through them and maybe mention any performances that are noticable. If your area has a final listing after an all-star meet sent the listing and we will try to use the info if time permits.

Best of luck to all at the state meet. We will be at the Class C meet, Jim made it in the 800/1600. We will be helping with the scoring as Alma is using my computer program for the meet.
