Dear Mr. Roberts:

I am in receipt of your letter concerning the track meets that are conducted at The University of Michigan by the Michigan Interscholastic Track Coaches Association. You want us to check on vehicle registration, equipment, school warm-ups and so forth and that's not our position. We are renting the facility to these people and we are not going to check on eligibility and so forth.

If the association rents the facility and conducts a track meet that's the group you should direct your letter to.

You list six areas where you have a concern and they should be taken up with the Michigan Interscholastic Track Coaches Association. To our knowledge they have not violated any rules. If you have other information you have directed your letter to the wrong person.

Sincerely yours,

  
Don Canham  
Director of Athletics
