How impressive did this team run? Many people thought you had won the race. It has been a long time since we've seen the "team" in contention for such a long time in the state finals. Usually, we've got guys spread out all over at the start of the race. You guys really went after it, I'm proud of your effort even though you may not be pleased with the results...and, to your credit, you didn't go "belly up" like Holly and some others.

If you're upset about being two points away from the 2nd place trophy, think about this.....where was this team 5 weeks ago? You salvaged the year when other kids would have packed it in. You guys made this a great season by beating five of the teams that were ranked ahead of you.

You finish this year knowing one thing....you are members of the top team in the state. You know it...I know it...Lakeland knows it. Catholic Central and Pioneer should be thanking their lucky stars that we have no control over injuries, illnesses, and accidents!

Thanks to Mickey, John, and Jason for four great years. You guys were the "class" of the league this year.....come to think of it, you guys have ALWAYS been the class of the league.

I had this feeling after the first meet that we were one of the top ten teams in the state. I thank you kids for making that feeling become a reality. Deep down, I was thinking "top 5" but I am not disappointed with 7th when you look at the people you did beat. I had figured T.C., GPN, and Edsel Ford as three of the teams that could have been in the top five. They are good teams and you did a number on them.

Congratulations on the most successful girls season in the past three years. I feel good about the program and thank Michelle, Anne, and Lisa for getting us back to state-level competition. I think that people in the KVC had better pay attention to us in the 90's. Look out world.....Milford's girls are back!!

LAST FOOD FOR THOUGHT

WE REPEATEDLY DO...
