

# TRACK RESULTS

VOL. I No. 7

regional issue

Thanks to all of the meet managers/coaches that sent us the regional results. We have information on all of the regionals, incomplete though on a couple of regionals. Most of the regional results we did receive, a few we had to get information from papers. We would up calling to get results for three or four regionals.

Regions #1 (Grand Rapids) and #34 (Potterville) were run in yards. There may be one or two more, we did not catch it until tonight and did not have time to correct the times. Check the 100 Dash to see which, meters-yards.

The nice thing about the computer is it makes it easy to correct, change and do things. BUT it can also do much more damage..... Mary wiped out most of the Class A boys results Saturday morning. the joys of a computer, I have done things like that several times.....

I put together the first issue of CROSS COUNTRY INVITATIONAL RESULTS over Labor Day Weekend, now use Memorial Day weekend for TRACK RESULTS.

This will be the first time in several years that we did not get an individual qualified for the State Finals. Our best runner was injured most of the season and didn't make it. There is a wedding Friday night, so I may drive over to the closest state finals. Best of luck to all of you at the State Finals.

Friday night went to watch my sons run in the Central Collegiates at Illinois. Guy ended his college career placing in the 5000m. This was the first time since 1981 that one of my kids has not run for me.

The white sheets contain the CLASS A regional results

The green sheets contain the CLASS B regional results

The buff sheets contain the CLASS C regional results #39 girls is on the back page.....

The salomon sheets contain the CLASS D results\_---- they begin on the back of the last buff sheet.

Thanks again for all of your help and support- best of luck at the finals.....

There will be one more issue, the state finals issue. It will also contain the MIDWEST MEET OF CHAMPIONS RESULTS.....

CLASS A BOYS

REGIONAL 1 at Grand Rapids/Boys Discuss 1- Lance
