

TRACK RESULTS

VOL. I No. 5

for information through 5/8/89

This is the third week of the listings. Some of the outdoor events and Class D are still not complete as there has only been a couple of weeks outdoors. Some papers have not started their area listings and we have not received information on all schools in those areas.

This week there were several big meets, Central, Saginaw Valley and several others. We got some information from those meets, but not the complete information. If you have a copy of the results would you send them, we do not have them as yet.

Send information to:

TRACK RESULTS 1321 Country Club Dr. Niles, MI. 49120 (616) 684-4052

The above is our home address and phone. If you call the information in, someone is usually home during the school day and you can try to call from school. To call in the evening please try to call between: 7:00 PM and 11:00 PM. You can also call on the weekend.

The information we would like to have on all of the performances is:

ATHLETE'S NAME- grade(male or female) SCHOOL/ class of school

performance- if running in yards mention that & make sure and tell us if the time was converted.

We would like the grade because that will help us for the first issue next year when the returning scorers are indicated in the state results. Also it will help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in that meet at the end of the season. Participants must have used all of their eligibility to be able to participate in that meet. Also several colleges receive TRACK RESULTS and they like to know the grades of the athletes.

The keys in the listing are:

* after the names means scored in that event in state '88

S- J- So- F- grade in school

i indoor performance

y performance in yards- time converted. (note- only in state competed events are times converted. Other events like the Distance Medley are left in yards and time is fitted in) Conversions are by the rule book.

Thanks again to all of you that have been sending in meet results/area listings. Most of the information that is mailed over the weekend does not arrive until Tuesday. Then once we have it all done, Wednesday we get another large group of mailings. As a result we are not mailing TRACK RESULTS until Thursday, hoping this will give you the most up to date listing.
