

TRACK RESULTS

VOL. IV No. 2

Indoor- 1

Have not received all of the indoor meet results. We decided to split the indoor results this year. This is the first collection of results. The rest of the indoor results will be sent out, probably at the end of next week. We hope to have all of them by then.

The indoor issues will be the only issues that will contain results, the listings will begin with the 4th issue. We will try to put together a listing after the invitationals of April 20. Indoor performances will also be included with the listings. We need your help again to put together the listings. If you have performances that you feel will make the listings please send/call the information in. If your local paper has a weekly listing send us a copy of it.

TRACK- The Meet Manager, a program that I have written will be used for all four State Finals. It has been used at State Finals since the mid-80's. Mary & I did the Class C finals last last spring.

All returning qualifiers are listed with their grade for the coming year. Performances are not listed for the non scorers. An "*" with any entry, graduate, returning or non scorer means that individual was a state scorer in that event in 1990.

TRACK RESULTS

VOL. IV No. 1 1321 Country Club Dr. Niles, Mt. 49120 (616) 684-4052

This begins the fourth year for TRACK RESULTS. The first issue contains the results of last year's state finals. The results gives the scorers that graduated, or whose school has changed to another class. The returning scorers, in a darker print, with this year's grad listed; ie: s-senior, j-junior, so-sophomore after the name. Also indicated is any scorers from another class that will now be competing in that class. Finally all of the non scoring participants from last year, with this year's grade. Non scorers from another class, who will be in the class for 1991 are listed.

The scouting reports is as follows: CLASS A-blue; CLASS B-yellow; CLASS C-gray; CLASS D-pink. The back of this page starts the schedule of invitationals/relays. The final white page finishes the schedule of invitationals/relays.

This issue is a little early this year, postage goes up tomorrow and I am trying to beat the increase with this issue. It is being sent to all those that subscribed last year. The bottom contains a renewal form. If you have not renewed, please do so now. If you are not the track coach any more please pass this copy on to the coach. If you have renewed please pass the subscription form on to a friend. We are please with the support we have had, but we need to increase the number of subscriptions. CCIR grew because of your support and we hope that we can do the same with TRACK RESULTS.

The second issue will come out at the end of March, or early April. It will contain the complete results of all of the indoor meets. If the meets come in early enough we will split them and run two different issues. Last year many of the results were slow coming and we were not able to get an issue out until mid-April. Then the following week we started the listings.

TRACK RESULTS will begin weekly issues after the invitationals of April 20. At that time there are enough meets and activity to begin to be able to put together a weekly listing. Coaches are again asked to send in performances of their athletes and athletes they know about. If you have a paper that compiles a weekly listing, please send that to us. If you have any information for TRACK RESULTS, Mary is home most of the day, so you can call from school. The evening is also ok to call. We begin to put together the events on Tuesday, so try to call performances in by Monday, to make sure the make the current listing. When you send information we need: EVENT(yards/metric) Name of Athlete/grade- School(also class of school) We had a good listing last year because of your help. Please do that again and spread the word of TRACK RESULTS. Best of luck this season.....

TRACK RESULTS

VOL. IV No. 3

indoor 2

This finishes up the indoor meet that we have received results of. There are a couple of meets that we have not gotten results for as yet. If you have a copy of any results that we have not published send us a copy. We will not use the complete results in an issue, but we will use any performances that would make the listings.

The next issue will begin the weekly listings. It will come out after Saturday, 27th's meets. Indoor performances will be included in the listings and be noted. The sprints, hurdles, quarter, and discus usually are hard to get a complete listing the first week. Make sure that you get us any performances.

TRACK RESULTS will depend on your help to receive information for the listings. You can call or mail the information to:

TRACK RESULTS 1321 Country Club Dr. Niles, Mi. 49120 (616) 684-4052

The information we would like to have on all of the performances is:

ATHLETE'S NAME- Grade (Male or Female) SCHOOL'S CLASS and Name of the School
performance- if running in yards mention & make sure we now if it is converted

We would like the grade because that will help the college coaches that subscribe. The information will also help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in the meet at the end of the season. Participants must be seniors.

If you know any additional performances other than your team, please give them to us when you give your information.

We are sending for results of meets, but will not publish the complete results. Time and space are a problem. We need the results though to compile the listings.

TRACK RESULTS will also compile a list of the common relay events- 800 Medley, Medley(4-2-2-4), Sprint Medley(4-2-2-8), Distance Medley, 6400 Relay, 12800 Relay, Shuttle Hurdle Relay, and try to list the field event relays.

The information can be called in any time during the day or in the evening.

Those of you that sent us local listing would you please send them again this year.

Best of luck this season.

TRACK & FIELD NEWS
2570 ELCAMINO REAL SUITE 606
MOUNTAIN VIEW, CA 94040

This is the first of the weekly listings. There will be a weekly listing each week until the week of the regionals. TRACK RESULTS will send for all of the regional results and publish the results we receive the Tuesday before the state finals.

TRACK RESULTS will depend on your help to receive information for the listings. You can call or mail the information to:

TRACK RESULTS 1321 Country Club Dr. Niles, Mi. 49120 (616) 684-4052

That is our home address and phone. If you call the information in, someone is usually home during the school day and you can call from school. To call in the evening please try to call between: 7:30 and 11:00 PM. You can also call on the weekend.

The information we would like to have on all of the performances is:

ATHLETE'S NAME- Grade (Male or Female) SCHOOL'S Class and Name of School

Performance - if running and in yards mention that & make sure and tell us if time given is converted.

We would like the grade because that will help us with the first issue for next year, when the returning scorers are indicated in the state results. Also, it will help the MITCA MEET OF CHAMPIONS- Quad State Meet know who to contact for participation in that meet at the end of the season. Participants must be seniors. Also, there are several colleges that receive TRACK RESULTS and they like to know the grades of the people listed so they know who to contact.

If you know any additional performances other than your team, please give them to us when you give your information. Especially if you know the grades of people we have listed.

We are sending for results of meets, but will not publish a lot of results. Time and space will be a problem. We need the meet results though to compile the listings.

We are contacting people to send us weekly listings from area papers. The following is the list of papers that carry weekly listings that we know of. St. Joseph Herald-Paladium, Lansing State Journal, Grand Rapids Press, Flint Journal, Bay City and Muskegon Papers, Huron Daily Tribune, Port Huron Times, Kalamazoo Gazette. I am sure that there are other papers that have weekly listings. Also, Oakland Press, Birmingham papers. If you would let us know the names of the papers and send us the listing we will be able to keep our listings complete.

The key on our listings: *with the name means scorer in that event at state in 1990.
-s -j -so -f after the name indicates the athlete's grade.
i indoor performance
y after the performance- performance converted from yards.

Many of the outdoor events have not had a lot of performances reported. We try to go 10 deep in each event, but were not able to in some of the outdoor events. We will try to compile a listing in the traditional relay events, including field event relays. We had a decent attempt with the boy's track relays. Ran out of time to get a good listing for the field event relays and the girl's relays. We will have a better listing next week.

TRACK RESULTS

VOL. IV No. 4

for performances through May 4, 1991

This is the second of the weekly listings. There will be weekly listings each week until the regionals. There will be a weekly listing next week, regional week. The following issue will contain all of the state qualifiers. We are putting the information together for all of the state finals in the L.P.

TRACK RESULTS depends on your help to receive information for the listings. You can call or mail the information to:

TRACK RESULTS 1321 Country Club Dr. Niles, Mi. 49120 (616) 684-4052

That is our home address and phone. If you call the information in, someone is usually home during the school day so you can call from school. You can call in the evening or on the weekend also.

The information that we need is:

ATHLETE'S NAME- grade (male or female) NAMES OF SCHOOL(class of school)

Performance- if running in yards mention that & make sure you tell us if converted.

The grade of the athlete is needed because several college coaches subscribe and that helps them with recruiting.. The information can also be helpful to the coaches that will put the MITCA MEET OF CHAMPIONS- Quad State Meet team together. This meet is limited to seniors, athletes that do not have eligibility left. Finally, it will help us put together the first issue next year when we indicated those athletes that are returning.

If you know of any additional performances other than your team, please give them to us with as much of the additional information that you can.

We are sending for results of meets, but will not publish results for the outdoor season. We use the results to compile the listings, especially the relay listings.

We are receiving copies of area listings from several papers. If your paper has an area listing please send a copy. We would like to have as complete of listing as possible for next week's issue, regional week. If you have good performances this weekend, please call them in. Mail often times does not arrive until Tuesday, or Wednesday. We would like to make sure all performances are listed.

We would like to expand the coverage of the relay events. Please send us any performances for those listings. We did not include the relays(non-dual meet relays) in this week's issue as we have had computer problems and were working to get things set up for the state and Mary is doing another regional this year. Really wild this past week and did not get a chance to really go through all of the results for the relays..
