TRACK RESURFACED

By Bill Rogers

Invite the finest high school runners from a seven-state area and Ontario, Can., offer them a spanking-new running surface on an already lightning-fast, 10-lane track, and what can you expect?

How about dazzling, sometimes spectacular times in sprints featuring state champions, or maybe several stunning distance events loaded with athletes who already have made their marks in national cross-country races. The 61st Mansfield Mehock Relays will have all of these and more. Guaranteed!

The Relays Committee, the Mansfield Board of Education, and the Richland County Foundation have poured out more than \$105,000 to improve a showcase facility - Mehock Field - by resurfacing the 10 running lanes. And just in case there is (surprise) rain, better drainage equipment has been installed. We're ready. Bring on the athletes!

Cleveland John Marshall, with a pair of state-champion sprinters, is favored to defend its 1992 Mehock crown, making it five straight championships for Ohio schools. Remember when Toronto (On.) Central Tech strung together five team titles in a row (1984-88)?

Brian Hesson of Caldwell will be dueling a star-studded field of distance runners in the 3,200-meter run as he attempts to become the eighth Relays competitor to win an individual event three consecutive years. Hesson has set meet records in each of his victories.

Seven previous individual champions are expected to compete this year, including Taron Burgess of Flint (Mi.) Beecher, who has cleared 7-1 in the high jump, a height that would better the existing Relays mark (7-0 3/4).

RELAYS STANDARDS

For years, the Mansfield-Mehock Relays have been an early season "proving ground" for the scholastic track stars of Ohio, Michigan, Pennsylvania, Kentucky, New York, West Virginia, Indiana, and Canada.

The Ever-increasing entry list prompted consideration of establishing minimum standards to insure peak performances from those athletes qualifying under these standards.

Each individual entered by the coaches must have achieved the standards in his event sometime during his high school tenure to be eligible for participation.

The Relays Committee is privileged to extend to your school a cordial invitation to compete in the 61st renewal of the Mansfield-Mehock Relays which will be staged April 16-17, 1993. This independent interscholastic classic will be staged at Malabar Middle School's Mehock Field Track.

This Booklet contains general information concerning the 1992 Mansfield Relays, results of the 1991 meet, all records, time schedule, awards, special regulations and other data. Entry blanks accompany the booklet.

The relays committee believes the success of this meet is directly traceable to the fine schools, athletes and coaches who have appeared here each year.

PUBLICITY

Cooperation of competing schools is of vital importance in the successful development of publicity for the Relays. Please send pictures (you can probably get them from your newspaper) and stories concerning your top athletes. We need individual records of your stars for release to wire services and other newspapers. Urge the publicity department of your school to send all available information to Doug Castle, Relays Director.

RUNNERS WILL BE DISQUALIFIED ON THE FIRST FALSE START!
