Great weather contributed to some great performances at the 13th Cavalier Classic Relays Friday.

Eight meet records fell in the boys' portion of the meet, as host Carman-Ainsworth repeated as Class A champions, and Powers Catholic won the Class B-C boys' meet.

In girls' competition, Bay City Western was the top Class A team. Lakeville girls won the B-C meet.

"We've had some pretty good weather at times, but this was the best day," said Carman-Ainsworth Coach Kenn Domerese. "The temperatures were perfect, and I think that contributed to some of the good times."

The Cavaliers scored 68 points compared to 60 for Lapeer East to win the A meet. In the B meet, Powers Catholic finished with 29 points compared to 22 for Lakeville.

Domerese said the team's senior leaders and depth contributed greatly to its win.

"We've had some kids hurt, but other kids have jumped right in and done a great job," said Domerese. "We're also starting to get the leadership from our seniors that we haven't had in a few years."

The Cavaliers fared especially well in the sprint relays as they won the 400, 1,600 and Cavalier (a sprint medley) relays. The team of Mike Spaulding, Earl Chatman, Jerron Mosley and Cedri Mosley set a school and

meet record of 42.91 in the 400 relay, and a meet record of 1:34.15 in the Cavalier Relay (Chris Abeare, Chatman, Jerron Mosley, Cedri Mosley). The team's time of 3:28 in the 1,600 relay (Kwame Miller, Cedri Mosley, Spaulding and Chatman) was also a meet record.

The high-jump relay tandem of Mike Jackson and Chuck Thrash set a meet record with a combined height of 12-6½.

Other meet records were set in the 6,400 and Somers relays by Flushing, the distance relay by Grand Blanc, and the 800 relay by Powers.

In the girls' Class A meet, Bay City Western finished first with 96 points, followed by St. Johns with 74 and Flushing with 41. Lakeville dominated the Class B-C competition with 75 points. Powers was second with 17.

"For a Class B school, I thought we did a real good job," said Lakeville Coach Darrel Morton. "Of course our focus is on the Metro League, but we had a good meet today. We medaled in almost every event."

Morton said depth is what allowed the Falcons to score so well against a tough field. He said the team would have to develop further to do as well in regional and state competition.

"We have a team full of good attitudes and good kids, but we need to develop some blue chippers, some stars," said Morton.

"We have good depth, but we'll need some to step it up a bit."
