VOL VII NO.6

state qualifiers 1994

This is a listing of all the qualifiers for Saturday's State Finals. Where available, the grade of each participant is given. Individual's that were additional qualifiers have * following their performance.

Individuals that qualified for the 1993 State Finals and/or scored in the 1993 State Finals are in **bold type** with their '93 performance preceding their name. 3) Joe Jones-s/school. Individuals that scored in '92 also are indicated with a double 2)7) Qualifiers have p) preceding their name if they did not score, those that were additional qualifiers and did not score are indicated with @. At the end of each event I mentioned if any scorers, their place, that did not qualify for 1993.

Class D is gold paper, Class C is buff, Class B is green, and Class A is blue. The first green sheet contains some Class A on one side, with Class B beginning on the other side.

We would like to run one final listing after the state finals. I know many area listings have one final listing, and/or a county meet. Would you please send those to us, so we can compile one final listing. The state issue will contain all of the state results, Midwest Meet of Champions and we will try to put together another dream team.

I will be at the state championships in Indiana Saturday, as I have a boy in the 1600 and 3200. their girls meet is on Friday, just missed getting our 4x400 relay though. Best of luck to all at the finals.

I have tried to make a beginning listing of some of the traditional relay events. There is a listing for the boy's events. I will try to get a girls listing in later. If you have a good relay performance send it in. The field event relays are on the back page.

TRACK RESULTS depends on your help to receive information for the listings. You can call or mail the information to:
