Congratulations to Max, Shawn, and Dana for fine performances on Saturday. Special thanks to Max for lettering 4 years and contributing so much to our program.

Special congratulations to Shawn and Dana for bringing home medals from the state finals. I hope that this is just one of many state finals medals in cross country and track. You kids are very talented and you've just scratched the surface in this meet. You will be better!

Super "Special" congratulations to Shawn for running the fastest time ever by a girl at Milford High. Beth Gilmore's record lasted for 15 years so it took someone special to break it. To do it in a state meet is something else!

The other thing that makes Shawn and Dana's times so remarkable is that you kids ran in the worst footing, the worst weather, and the coldest air of all the races run. If you had run in the team race.....I think that your times would have been at least 10-15 seconds faster.

To Jessica and Eric, you were super in taking care of your "charges". You handled yourselves with class and like the other three who ran, you added another touch of class as representatives of Milford. It was a pleasure to have you on this trip.

**FOOD FOR THOUGHT:**

**SOME MEN DREAM OF GREAT ACCOMPLISHMENTS, WHILE OTHERS STAY AWAKE AND DO THEM!**
