

Leading MITCA Boys Performers

Updated 3/7/98

This is the final MITCA Indoor list of the season. Performances from the championships will be added to the 1998 Indoor Lists, which include performances from non-MITCA meets throughout the full indoor season, culminating in the Spartan Relays in April.

Only performances from MITCA-sanctioned meets can be qualifiers for the MITCA State Championships, Thursday, March 19, in Ann Arbor. Athletes who run unattached or whose clubs have not registered for 1998 will not be able to run at the state championships. These athletes are marked on the list below with a #. [Click here for registration info and forms.](#)

Note that there are no qualifying standards per se for boys to get into the championships. Instead, the leading people on the list are invited. Being on this list does not constitute any guarantee that the athlete will be invited.

Details:

#=athlete competed for unregistered club (please [email me](#) with full club name if this is mistaken)

+ = converted time

Conversions: 50m to 55m (time x 1.09), 300y to 300m (time x 1.12), 600y to 600m (time x 1.12), mile to 1600 (time x .9942), 2 mile to 3200 (time x .9942)

Only automatic times are listed to the hundredth of a second; they are mixed on the list with hand times, with the standard 0.24 difference figured into the way they are ordered (in the 55, 55H, and 300).
