

MITCA Indoor Circuit Lists

After the MITCA State Championships, this list and the non-MITCA List will be merged. We will publish the lists in a combined format in the Michigan 1999 Indoor Track & Field Yearbook. The Indoor yearbook will include full results of the MITCA Championships, as well as a summary of results from the Huron River Relays, Spartan Relays, and other major indoor high school events in the state. Other goodies will be included as well. It will be published in April.

1998-99 MICHIGAN BOYS INDOOR LIST
FEATURING MITCA EVENTS
Updated 3/3/99

**BOYS STATE MEET QUALIFYING IS BY INVITATION ONLY.
THERE ARE NO QUALIFYING STANDARDS!! IF YOU HAVEN'T YET
BEEN INVITED, AND YOU THINK THAT YOU SHOULD, CONTACT THE
COORDINATOR FOR YOUR EVENT. YOUR CLUB COACH WILL HAVE THE
NAME AND NUMBER.**

The leading athletes on this list will be invited, the number varying by event. If your club is not a registered MITCA club, you will not be invited. Being on this list does not constitute any guarantee that the athlete will be invited.

On this list, I will include up to 50 athletes in each event. Only results that have been given to me by the meet director can be included.

Note that during the unsanctioned portion of the indoor season, all athletes in Michigan competed unattached or with a club. Any school affiliations shown here for those meets have been researched for informational purposes only.

PLEASE, let me know correct school/grade information if it is not here.

Email additions and corrections to Jeff Hollobaugh.

Details:

#=athlete competed for unregistered club (please email me with full club name if this is mistaken)

+ = converted time

Conversions: 50m to 55m (time x 1.09), 300y to 300m (time x 1.12), 600y to 600m (time x 1.12), mile to 1600 (time x .9942), 2 mile to 3200 (time x .9942).

Only automatic times are listed to the hundredth of a second; they are mixed on the list with hand times, with the standard 0.24 difference figured into the way they are ordered (in the 55, 55H, and 300)
