

CROSS COUNTRY INVITATIONAL RESULTS

VOL. XXVI No. 2

for invitationals ending 9/9/00

THE RATINGS: The 2000 Boy's Cross County Ratings, sponsored by **CROSS COUNTRY INVITATIONAL RESULTS** begin next week. The boys ratings are based on invitationals, rather than dual meets. Points are awarded for each invitational a team participates in, according to its finish: 10- 1st; 9- 2nd; 8- 3rd; and so on. Some invitationals will be weighted for a team; ie: team in an invitational where most of the competition is of another class- gaining or losing points, invitationals with more than 18 teams. Invitationals with fewer than five schools will not be counted. A maximum of seven (7) invitationals will be figured into the ratings, a maximum of one per week. Invitational points are accumulated over the entire season.

Each week a panel of coaches will vote for the top ten schools in each class. Points will be assigned on a basis of 10- 1st; 9- 2nd; 8- 3rd; and so on. Each week the vote will be tabulated and combined with the invitational points. The resulting total determine the rankings for the week. A final vote is taken the week of the regionals for the season's final rankings.

The girl's rankings are just based on the votes of the panel of coaches for their division.

The panels consists of coaches from around the state, representing schools in all divisions. Panel members put in a lot of time going over the results of all classes and do an excellent job. If you have any information on cross country that you feel might be of interest to other coaches contact the panel member in your area or send it directly to **CCIR**.

Each year we hear the question of why isn't so and so rated. The ratings are based on invitationals, just like the championships are decided in a large meet setting. Teams that do not go to invitationals are not known factors. When we do not get invitationals results the team does not get the invitational points and the panel members do not know about a team, resulting in the team not getting votes. **We need to get the invitational results!**

We hope to get the ratings picked up this year. If your local paper would like the ratings and they do not get them let me know. Send the name of an individual to send the ratings to and we will mail the ratings directly to the paper. The ratings would be mailed on Wednesday, the regular mailing day for **CCIR**.

Kevin Hanson, Sterling Hgts Stevenson is again putting the girls rankings together. John Carlson will be providing us with a UP top 10. If you would be willing to serve on the panel in the future, drop me a line. We change 2 to 5 panel members each year. Panel members are selected from the subscription list of **CCIR** since that is about the only way to get information state wide. A team's schedule is also considered, coaches on the panel are regular participants in invitationals. This way the will see a lot of teams in all classes.

FAXed results are how we get most of our results by Monday. Mail service is getting slower and slower. Most mail mailed on Monday does not arrive until Wednesday, to late for that week's issue. If you mail your results, **please get them in the mail Saturday or Sunday**. Monday many of the raters calling not leaving much time for typing. It is my dual meet day. The sooner we get the results the easier it is. We are still not getting quite a few results each week. **PLEASE** remind meet directors to send or **FAX** their results. We send for all of the meets each week. If you are at a meet and you do not see the results in **CCIR** please mail or **FAX** them to us.

You can **FAX** results, or other information by using: **(616) 683-1186** email: **James.G.Murray.60@nd.edu**

CROSS COUNTRY INVITATIONAL RESULTS—

VOL. XXVI No. 3

for invitationals ending 9/16/00

THE RATINGS::: This is the first set of ratings for the 2000 season. This is wild set of rankings with the new divisional format. We hope we have all of the schools in the correct divisions. It was extremely hard to vote this week as so many teams are now in different divisions. Some of the panel did not vote for all divisions, some did not vote for 10 in each division because of the changes this year. We hope to have everything worked out next week.

The numbers in parentheses indicates the first place coach's votes/first place in invitationals. The final number is the total number of points for the school, including coaches votes and invitational points. The invitational points are cumulative over the entire season, to a maximum of seven. The coaches vote each week.

FA Xed results are how we get most of our results by Monday. Mail service is getting slower and slower. Most mail mailed on Monday does not arrive until Wednesday, to late for that week's issue. If you mail your results, **please get them in the mail Saturday or Sunday**. Monday many of the raters calling not leaving much time for typing. It is my dual meet day.. The sooner we get the results the easier it is. We are still not getting quite a few results each week. **PLEASE** remind meet directors to send or **FAX** their results. We send for all of the meets each week. If you are at a meet and you do not see the results in **CCIR** please mail or **FAX** them to us.

You can **FAX** results, or other information by using: (616) 683-1186 email: James.G.Murray.60@nd.edu

CROSS COUNTRY INVITATIONAL RESULTS

VOL. XXVI No. 5

for invitationals ending 9/30/00

THE RATINGS::: This is the third set of ratings for the 2000 season. There looks like there will be several interesting state final meets. There is still a lot of changing week to week and the new division format begins to take shape. It is still hard to evaluate some teams as some invitationals run teams in the traditional class, while other are going to divisions.

The numbers in parentheses indicates the first place coach's votes/first place in invitationals. The final number is the total number of points for the school, including coaches votes and invitational points. The invitational points are cumulative over the entire season, to a maximum of seven. The coaches vote each week.

FAXed results are how we get most of our results by Monday. Most mail mailed on Monday does not arrive until Wednesday, to late for that week's issue. If you mail your results, **please get them in the mail Saturday or Sunday.** Monday many of the raters calling not leaving much time for typing. It is my dual meet day. The sooner we get the results the easier it is. We are still not getting quite a few results each week. **PLEASE** remind meet directors to send or FAX their results. We send for all of the meets each week. If you are at a meet and you do not see the results in **CCIR** please mail or FAX them to us.

You can FAX results, or other information by using: (616) 683-1186

FAXed results are how we get most of our results by Monday. Most mail mailed on Monday does not arrive until Wednesday, to late for that week's issue. If you mail your results, **please get them in the mail Saturday or Sunday**. Monday many of the raters calling not leaving much time for typing. It is my dual meet day.. The sooner we get the results the easier it is. We are still not getting quite a few results each week. **PLEASE** remind meet directors to send or **FAX** their results. We send for all of the meets each week. If you are at a meet and you do not see the results in **CCIR** please mail or **FAX** them to us.

You can **FAX** results, or other information by using: (616) 683-1186 email: **James.G.Murray.60@nd.edu**

FAXed results are how we get most of our results by Monday. Most mail mailed on Monday does not arrive until Wednesday, to late for that week's issue. If you mail your results, **please get them in the mail Saturday or Sunday**. Monday many of the raters calling not leaving much time for typing. It is my dual meet day.. The sooner we get the results the easier it is. We are still not getting quite a few results each week. **PLEASE** remind meet directors to send or **FAX** their results. We send for all of the meets each week. If you are at a meet and you do not see the results in **CCIR** please mail or **FAX** them to us.

You can **FAX** results, or other information by using: **(616) 683-1186** or **(616) 687-8316** email: **James.G.Murray.60@nd.edu**

FAXed results are how we get most of our results by Monday. Most mail mailed on Monday does not arrive until Wednesday, to late for that week's issue. If you mail your results, **please get them in the mail Saturday or Sunday.** Monday many of the raters calling not leaving much time for typing. It is my dual meet day.. The sooner we get the results the easier it is. We are still not getting quite a few results each week. **PLEASE** remind meet directors to send or **FAX** their results. We send for all of the meets each week. If you are at a meet and you do not see the results in **CCIR** please mail or **FAX** them to us.

You can **FAX** results, or other information by using: **(616) 683-1186** or **(616) 687-8316** email: **James.G.Murray.60@nd.edu**

THE SHORTENED SEASON.....some ramblings

The internet is alive, invitationals are alive with discussion about the impending shortening of the cross country season starting in 2001. What can be done????????? Constructive comments, letters, calls to appropriate people- MHSAA OFFICIALS, MHSAA Representative Council members may or may not have an effect. At least we are owed a justification, rational for the change. If you have a strong opinion there will be a MHSAA Representative Council Meeting in Nov. or Dec. you might want to make your comments known to the council.

The only reasonable statement I have heard was a survey that was sent out to schools by the MHSAA a couple of years ago. One of the questions that was included was something about shortening the cross country season, moving the state meet ahead a week. The results of that survey is supposed to be the basis for the change. Who was the survey sent to, how was it supposed to be answered and how many schools did respond? I know at Brandywine I had no knowledge of or input into the questionnaire. How about you??????

There are a lot of reasons, speculations, floating around as to why the change was made. I cannot put any stake in them because some of them border on the ridiculous, to others that sources say are not true. I am not going to mention any that I have heard because I cannot put stock in them. At least we are owed a justification, rational for the change.

This is third major change for cross country in five or so years. MIS, and I am not going to get into that as there seems to be about as many for as against & there is no inbetween. The only thing is that it has been unsettling for the sport. Divisions finally came about this year, with the resulting confusion change brings. But remember this is one many of us asked for. Now before things settle down and we have a chance to adjust we lose almost 10% of our season. I cannot think of any other sport that has been asked to endure so much in such a short time.

I would like to make a few comments on WHY NOT A CHANGE!

SUMMER: The MHSAA has talked about giving kids a break from sports. They have tried to place gaps between the different seasons to give kids a "time out." But what has happened- most coaches start "conditioning" programs during that supposed down time. Now there is some talk of extending track season a week to have a "true state championship." There is also some talk that we would start all fall sports the week football begins, a week earlier than what is normal. This did happen for the 1999 season, but was not repeated for 2000 and I have not heard any talk about it for 2001. If we did start that week earlier we would still end up with the current 12 week season.

I would not like to see that happen because we are taking away the "kids" time. I feel athletic programs are becoming too possessive of athletes. Before you all jump me- I feel CC & Track & Field are some of the least demanding. Especially when we compare to soccer, football, basketball, volleyball and swimming. BUT if we start season a week earlier, it is one less week for the kids!

Secondly I am married, at one time we had 4 children at home. As a beginning instructor I had to take classes to keep certified. TRY BEING IN THE CLASSROOM A FULL DAY, COACHING, I coached 3 sports for many years, BEING PART OF A FAMILY, HOW COULD YOU DO THAT & TAKE CLASSES DURING THE SCHOOL YEAR????????? The only time to take classes then is in the summer. Most summer schools start the second or third week in June and go to the first or second week in August. Have a few snow days to make up, extend track, start cross early and where is vacation time with the family. I don't know how it is around your school, but we are having a hard time finding coaches. I wonder why.

Eventually I got my masters, but enjoyed taking math classes in the summer in a special program at Notre Dame or AP workshops. Personally- the potential loss of those one or two weeks of summer has nothing but negatives for me as a family man, a parent with athletes and professional educator trying to better myself. The summer should be for the family and my family includes kids. And now grandchildren!!! I feel we actually start school & practice too early!

Finally the Michigan Legislature has passed a law requiring the Friday before Labor Day be a school holiday! Now the MHSAA wants to increase student activities by making that weekend more of an integral part of the athletic calendar!

SAFETY We currently have 7 Saturdays between Labor Day & the Regional Meet. Beginning in 2001 there will be only 6 Saturdays. That means we must accelerate our training programs a week to have our runners in the same condition for regional & state next year. I have been involved in cross country almost continuously since 1957. I remember that the first regional I ran in there was snow on the ground. We used to blame on our legs to keep warm & it made my hands so cold I couldn't move them when the race was over..... The next week at the state finals it was warmer.

Cross country is an outdoor sport, weather is part of cross country. Look at the nationals, look at international cross country. All of those championships are weeks later than our state finals. Look at the great cross country states, most are northern. Championships seem to be scheduled in cold weather. THAT IS PART OF THE SPORT!

I HAVE NEVER HAD A RUNNER INJURED BECAUSE OF THE COLD!!!!!! I HAVE NEVER SEEN A RUNNERS INJURED BECAUSE OF THE COLD. **ON THE OTHER HAND I HAVE SEEN MANY RUNNERS GO DOWN BECAUSE OF HEAT OR HEAT PROSTRATION!!!!!!** How do you tell a competitor not to go hard because it is HOT!!!!!! Heat affects runners differently! The cooler/cold weather is not a real factor because its affect seems to be the same for all- just get cold.. BUT HEAT SEEMS TO BE SOMETHING DIFFERENT- it has drastically different affects on different runners.

Taking a week away from season, it will force an increase of intensity in the earlier part of the season in order to have runners in the same condition as they are now in for the regional. You cannot tell which athlete will be adversely affected until it happens and then it is too late! At the same time you cannot tell an athlete not to work towards the state finals!

CROSS COUNTRY COURSES: Cross country courses are hard to come by, especially in the cities. Many rely on parks, golf courses, other public areas for practice and meet sites. If we try to start the competitive season a week earlier, which would need to be done to get all of the meets in, how many of these parks, golf courses, public areas are going to be available Labor Day weekend, or earlier????? I know a few courses we run on we are able to do so late in Sept & into Oct. because the golfers are not out as much because the weather is getting colder. Some people are forced to keep their meets after certain dates because of this. Where are we going to run???????

8

INVITATIONAL SCHEDULE: There are been several comments on the internet about the "short" season next year and what it will do to invitationals the seventh week after Labor Day, regional date next year. That is not the week that is going to be messed up- the current sixth week will feel the brunt of the problem next year. **THOSE ARE THE INVITATIONALS THAT WILL BE THE MOST HURT!!!!!!** Doing CCIR for years the staff, Mary, has looked forward to the seventh Saturday. **THAT IS THE LIGHTEST WEEK FOR INVITATIONALS**, other than the first week of season. A few invitationals and conference meets, for which we only do scores it is an easy week for typing and is usually our smallest issue. (Editor's Note: I should not be used in this argument, since nine (9) weeks of typing is easier than ten (10). Mary!!!!).

The seventh week is the week- including Saturday- that a large number of conferences hold their conference meet. Probably the largest number of conference meets are held this week. I am not talking about jamborees, I am referring to the conference meet. Another large number of teams do not run and take this Saturday off. As a result there are the lowest number of invitationals by less than half or a third of all other Saturdays after Labor Day. The invitationals that are held that Saturday are generally small, less that 20 teams involved. The sixth Saturday after Labor Day is where I feel the greatest impact will be felt. The obvious is what everyone is looking at, the seventh Saturday invitationals moving to that date & the conflicts that will arise.

The not so obvious is why I feel this is where the greatest impact will be. Schools that have their conference meet the week before will now have their conference meet on Saturday #6. Schools that take the Saturday before regional off, will now take Saturday #6 off. The effect will decimate Saturday #6 as an invitational Saturday, unless those dates moved to Saturday #5. **NOW WE GET INTO THE SNOWBALL EFFECT!!!!!!!!!!** We have held the Brandywine Invitational, 31st year this year, the Saturday before regional. We have schools come from the Detroit area, Grand Rapids and in-between. We have no choice but to move as will all other of the dozen or so schools hosting meets on this Saturday.

The typical invitational has 10-15 schools involved. Double that for the total number of teams, boys & girls. That means each week roughly 300-450+ schools are involved in an invitational. Week #7 would see 150-200+ teams involved. PLUS any in a conference meet.

Here is a breakdown of the invitationals that CCIR included in Issue #1 as being scheduled this year:

Week #1 & 2	to August 26	14 invitationals
#3	to Sept. 2	25 invitationals (Labor Day Saturday)
#4	to Sept. 9	37 invitationals
#5	to Sept. 16	34 invitationals
#6	to Sept. 23	28 invitationals
#7	to Sept. 30	27 invitationals
#8	to Oct. 7	33 invitationals
#9	to Oct. 14	28 invitationals
#10	to Oct. 21	12 invitationals
#11	to Oct. 28	4 invitationals- REGIONALS
#12	to Nov. 4	3 invitationals- STATE FINALS

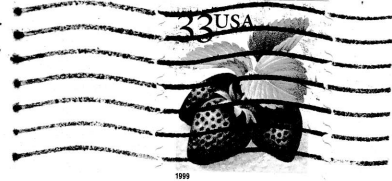

I would be curious how many conferences run their conference meet the Sat. regionals week. What are your plans for next year. I would appreciate a response via email or..... 1321 Country Club Dr. Niles Mi 49120 (616) 684-4052 FAX (616) 687-8316

WHY IS IT: No other sport has had such major upheaval as cross country, with so little input, discussion or analysis of what would happen. Cross Country is one of the top sports in the MHSAA in terms of number of schools that sponsor and number of participants. It is a sport that is accessible to all athletes- no expensive equipment. Athletes do not have to "pay" the high school coaches to attend their camps during the summer while in grade school- to show the coach they are interested in participating. Yes summer conditioning is required, but the nature of it allows the individual athlete the freedom to be able to work it into their schedule & not a coaches.

How is it that it was one of the first sports to ask for equal divisions, but was one of the last sports to be put into equal divisions!!!!!!!!!! Even the move to MIS had more discussion & preparations that this change. How is it that it took years for football to revise their state championship series and change the length of their season and it is done in cross country almost immediately?????

Just some ramblings.....BEST OF LUCK AT THE REGIONALS- HOPE TO SEE YOU AT MIS & MITCC.....Jim Murray

THANKS TO ALL THE MEET MANAGERS, COACHES THAT GOT US REGIONAL RESULTS. ALWAYS HAVE TO TRACK A FEW DOWN, BUT WE GOT EVERYTHING SO THIS ISSUE IS BEING MAILED TUESDAY AFTERNOON- A DAY EARLIER. HOPE TO HAVE IT IN THE EARLY MAIL. BEST OF LUCK TO ALL THOSE AT THE FINALS. I WILL BE A SPECTATOR- MY TOP RUNNER FINISHED 16TH.....

BRING YOUR TENTATIVE DATE FOR INVATIONALS NEXT YEAR. WE WILL AGAIN POST THE CALANDER OF CORRESPONDING DATES- WITH THE OBVIOUS- THOSE INVATIONALS THAT WERE SCHEDULE FOR OCTOBER 21, WILL NOW BE LISTED THE WEEK EARLIER.....

JUST A POINT..... THERE IS A LOT TO BE DISCUSSED AT THE BUSINESS MEETING..... LOST OF A WEEK, REGIONAL ASSIGNMENTS, NUMBER OF QUALIFIERS..... ALL ARE DIFFERENT ISSUES AND NEED TO BE TREATED SEPERATELY. IF WE ARE NOT ORGANIZED & SEPERATE ALL OF THESE TOPICS & DON'T BRING IN MIS NOTHING WILL BE ACCOMPLISHED!!!!!!! REMEMBER WE ASKED FOR EQUAL DIVISIONS SO THAT MENT REGIONALS HAD TO BE ALTERED.

VOL. XXVI No.10 2000 State Finals/All-State/Season Wrap-up

ALL-STATE:::The MICHIGAN INTERSCHOLASTIC TRACK COACHES ASSOCIATION (MITCA) recognizes as **all-state** in the lower peninsula: The top 30 finisher in each race are declared **all-state**. This is an expansion of 5 all-state positions over previous years. Also all divisions will have the same number of all-state positions with the 4 equal divisions this year. Individual runners are indicated with an *.

U.P. ALL-STATE::: The MICHIGAN INTERSCHOLASTIC TRACK COACHES ASSOCIATION (MITCA) recognizes as **all-state** in the upper peninsula: The top 15 finisher in each the Div. 1 and Div. 2 races are declared **all-state**, while the top 10 are **all-state** in Div. 3. This is a change from previous years when the Upper Peninsula coaches voted for the team.

UPPER PENINSULA ALL-STATE - 2000

1 GIRLS: Five of the fifteen all-state runners from '99 graduated. Only 4 of the returning all-state runners were able to repeat the honors. three seniors, Anderson, Olson and Miller, earned all-state honors all four years. Five runners were not able to repeat the all-state honors, one was not even at the state finals. Team champion Marquette had five girls earn all-state honors, with runner-up Sault Ste. Marie matching the number of all-state runners.

LOWER PENINSULA ALL-STATE - 2000

1 GIRLS: Thirteen of the twenty five Class A all-state runners graduated, three were not able to repeat the honors in Div. 1 this year. One was not at the finals. Katie Boyles/Adams won her 4th individual title, a first for the largest classification. She is joined by 9 other girls that earned all state in Class A last year. Rockford again dominated the state meet like no other team ever has, as 6 of their 7 runners earned all-state honors. The team race dominated all-state as individual runners earned only 4 of the 30 all-state spots.

What is the key to a good cross country team- good runners! Rockford showed why they were the state champion again as 6 of their 7 runners earned all-state honors. Runner-up Milford, they were no slouch, as they had three all-state runners. Romeo matched Milford's three all-state, but it is a five runner team. Adams started the race out great, 1-2, but again it takes five runners.

Seniors picked up 13 of the all-state positions, juniors 4, sophomores 5 and freshmen had the second largest number of all-state spots in Div. 1, with 8.

1 BOYS: Graduation took a majority, 14, of the 25 Class A all-state runners. Dathan Ritzenhein defended his '99 individual title and led a group of only 6 returning all-state runners that were able to repeat the honor in Div. 1 this year. Five all-state runners from Class A were not able to earn the honor again this year.

The top 3 teams dominated the all-state team with both Rockford, #1, and Detroit Catholic Central, #3, each placing 4 runners on the all-state team and #2, Novi, picking up 3three all-state spots. Saline also picked up 2 spots. Individual runners were able to grab 10 of the 30 all-state positions.

2 GIRLS: Graduation and Div. 3 took most of the Class B all-state runners from '99, Eight graduated, 8 dropped to Div. 3. Four of those that dropped to Div. 3 were able to earn all-state honors. Five all-state from Class B were able to repeat in Div. 2, while 4 were not. Nine of this year's all-state runners are seniors. Sophomores actually grabbed the largest number of all-state positions, followed by 8 for the junior and three freshmen for the underclassmen.

There was no dominating team in Div. 2 girls and the all-state honors showed. Team champion KMiddleville had only one all-state runner. Trenton, 6th place, actually grabbed the most all-state positions 3, 22-23-24, but had too much a gap to 4 & 5. Three teams, Ogemaw Hgts, Lakeview, and Ludington all had two all-state runners, but not the depth. Ludington led this group with a thrid place finish, while Ogemaw had the best 1-2 as their all-state runners finished 1-2 in the race.

2 BOYS: Graduation took 12 all-state Class B runners and Div. 3 picked up three more. All of the runners that moved to Div. 3 repeated their all-state honors, led by Stover/Williamston who wond the Div. 3 individual title. Eight all-state runners from Class B repeated the honors in Div. 2, while two were not able to repeat.

Team champion Big Rapids had three all-state runners and was matched by third place Holland Christian with three of the all-state spots, while Fremont & St. Clair each grabbed two. Eleven all-state runners this year are seniors. Junior dominated the all-state squad for Div. 2 with 15 spots, with sophomores picking up the rest of the places.

BOYS: Graduation and Div. 4 took almost all of the all-state Class C runners, with 16 graduating and three dropping to Div. 4. All three dropping to Div. 4 repeated as all-state led by Boylen-Pett/Bath who won the Div. 4 individual championship. Grice/Sandusky was the only Class C all-state runner in Div. 3 and he repeated the honor.

Individual runners picked up 10 of the all-state spots with a 4th place finish the best. Seniors dominated the all-state positions earning 23 of the spots. Juniors earned 3 spots and freshman two. The grade of one runner was not available.

Champion Williamston was led by 4 all-state runners and they were matched by third place Sandusky with 4. Runner-up Hemlock had three all-state runners and 4th place Benzie had two.
