### 3200 METER RUN

*Note: It appears that the official 9:08.71 for Tinney is a phantom time, possibly that for a lapper runner. We know that the times for 2-4 are all offset by one place, ie. Hanlon was given Tinney's actual time. We are examining videotape to determine if that was true for every runner after Thibideau. For now, take these times with a grain of salt.*
