ALBION COLLEGE

MITs Live Update

-This Friday the 25th of February is the last of three meets at Albion College. Since Albion has wireless internet at their indoor track facility we will be able to run periodic **live updates** as the meet progresses.

-The Albion College meets are run by the Men's Track and Field Team. Their goal is to help promote Track & Field. Also, entry revenue and concession sales are used to fund their annual training trip to Florida which they have taken for the last 32 years!

-Check in here starting at **6:30pm** on **Friday the 25th**. Continue to refresh your browser window to check if the results have been updated. We might even be able to get some photos from the meet displayed minutes after they are taken.
